

SEMINARY AUCTION ++ John Casner and Richard Pearsall, auctioneers and talent action chairman Mr. and Mrs. Adrian Pearsall, during recent "Parent's Talent Auction" of the Wyoming Seminary Upper School Parent's Association.

**Engler visits Kenya**

Navy Machinist's Mate Third Class Kenneth L. Engler, son of Mr. and Mrs. John Engler, Jr., of 20 S. Main St., Trucksville, Pa., has visited Mombasa, Kenya, on the east coast of Africa, as a crewmember of the nuclear-powered attack aircraft carrier USS En-

terprise. He also recently crossed the equator while on a cruise in the Indian Ocean. The Enterprise, homeported at Alameda, Calif., is deployed as part of the U.S. Seventh Fleet. He is married to the former Linda Brongo, Dallas.

**Six area residents seek directors seats**

Six residents of Dallas school district communities have elected to run for the three seats on the Dallas School Board. All candidates are running on both the Democrat and Republican tickets.

William F. Cutten, Atherholt Drive, RD 3, Wyoming, is a retired business man. He is presently completing his sixth year on the board. Last year he served as president. During the past year, he has attended 14 of the 15 board meetings. He is from a family of educators and in his retirement hopes to be able to contribute to the progress of the local school system. He feels his business experience serves him well in making decisions on the board.

Cutten has no children attending Dallas Schools but believes that in many ways this can be beneficial since there is no chance of public censure because of family ties.

Dr. Alfred M. Camp, East 42nd St., RD 1, Dallas, is a former member of the Dallas school district faculty. He is seeking public office for the first time. He is interested in every student receiving optimum learning efficiency, through proper selectivity, productivity and accountability. He would strive for cooperation and good relationship with the administration, teachers and community.

Earl Fritzges, 206 Cliffside Ave., Trucksville, is a representative for Dun & Bradstreet. He first ran for school director in 1965 and was elected. He served on the board for six years but in

1971 he chose not to run for reelection. He felt it best to remain off the board while he had a son in the high school sports program.

During his six year tenure, he has 100 percent attendance, including board and executive meetings. While on the board, the addition to Dallas Senior High School was completed, the junior high school was constructed, and West Side Technical High School was completed. He was chairman of the board for two years and chairman of the West Side Tech Board for two years as Dallas representative. Fritzges has four children in the Dallas Schools, a son who will graduate this year; twins, a son and daughter, in 11th grade; and a daughter in 10th.

Richard D. Hislop, RD 3, Orange, is a tool and die maker with Diamond Mfg. Co. He is married to the former Joyce Oliver of Dallas.

He is running for the first time but his father, Donald Hislop was a member of the Dallas School District Board when the senior high school was built. Hislop follows both community and school activities with keen interest and feels that the younger generation should have representation on the board. He is running to fill the seat left vacant by Fred Dymond Franklin Township representative.

With three children in the Dallas Schools he had a keen interest in the progress of the school. He has a son and a daughter in junior high school, and a

**Peters on BSC dean's list**

Emilie L. Peters, 146 Inman Ave., Shavertown, Pa., has been named to the dean's list for the first semester of the 1974-75 college year at Bloomsburg State College, according to Dr. Dayton S. Pickett, Vice President for Academic Affairs and Dean of the Faculties.

Eight hundred sixty-nine students of a total full-time undergraduate enrollment of 4,283 qualified for the academic honor by earning a quality point average of 3.5 or higher during the past semester. Miss Peters was one of two hundred seventy-eight students who achieved a perfect average of 4.0 for the semester.
