LETTERS TO THE EDITOR

Elections clerk corrects registration

Dear Sirs:
I always enjoy reading "The Dallas Post". However, in your May 15, 1975 issue I see that you have some of our municipalities as having a majority of Democratic registrations. I am enclosing a copy of our Voter Registration which shows all municipalities having a Republican majority. I have had a few calls on the subject.

Sincerely yours,
Russell O. Gunton, Chief Clerk
Wyoming County Board of Elections

EDITORS NOTE: In listing the voter registration in Wyoming County in our May 15 issue, the lists of registered voters in several townships were inadvertently switched. The correct listing should have read Exeter Township, 302 Republican, 113 Democratic; Falls Township No. 1, 183 Republican, 92 Democratic, and Falls Township No. 2, 223 Republican, 61 Democratic.

Lake Twp. Supervisor clarifies meeting

Dear Sir:
As chairman of the board of supervisors of Lake Township I would like to clarify some items discussed at the June 4 meeting of the supervisors.

On the matter of the township's new truck and spreader, it was revealed in answers to questions I presented the township secretary Judith Steltz that both pieces of equipment have been completely paid for by the township. The truck was paid within one week of purchase, the spreader in May.

The secretary also stated that the \$6000 loan from the Dallas Bark to settle 1974 accounts was paid in full.

Judith Steltz also stated that audits of the township by both the township's auditors and the state's auditors found the accounts true and correct. Neither group of auditors found areas of unaccounted funds.

A motion made by myself at this meeting, due to the fact April 20 is the deadline for change of budget, called for the graving and installation of new pipe where necessary on L.R. 585, commonly known as the Sulton Road, since there is only approximately \$7,900 available. This was the reason I did not move for blacktopping the road, insufficient funding in the budget. (25 per cent of state money is all that can be used in township projects set up by the state) The motion was made at any time to blacktop the road.

Thank you,
Walter Hoover
Chairman, Lake Township Supervisors
