## Glaucoma Eye Screening Booth

Adults coming to the Wyoming Valley Fair are invited to participate in the Glaucoma Eye Screening Booth sponsored by area optometrists and the Pennsylvania Association for the Blind. A short simple test will tell adults if any danger of the disease glaucoma is present. The results of the tests will be given immediately at the Glaucoma Eye Screening Booth.

If the danger of glaucoma is present, the subject will be recommended to a physician for treatment. Stop and take a few minutes to take this test and help save your precious gift of sight.
