**Roberts firemen plan spaghetti dinner**

Harveys Lake Daniel C. Roberts Fire Company has announced plans for a spaghetti dinner on Feb. 19 from 5 p.m. until 8 p.m. at the Sportsman's Inn on Noxen Road in Harveys Lake.

Chief James Faerber, chairman of the event, said the company will provide "all the spaghetti you can eat" for only \$2 for adults and \$1.25 for children. Tickets are available from any firemen or at the

Harveys Lake Bottling Works, Javers Store or Tafts Market.

**SPEBSQSA plan 25th concert**

The 25th, annual "Parade of Quartets" Concert by the Wilkes-Barre Chapter, Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America (SPEBSQSA) will be held on March 4 and 5, according to an announcement made by President Jack Muchler of Wilkes-Barre. Site of the two Concerts will be Meyers High School, Wilkes-Barre, with a curtain time of 8 p.m.

Vinie Burrows

**COMING EVENTS**

**Black actress presents culture "solo"**

Black actress Vinie Burrows will present her one-woman show, "Walk Together Children," at College Misericordia on Feb. 24 at 8 p.m. as a presentation in the college's cultural events series. Ms. Burrows made her

Broadway debut with Helen Hayes in "The Wisteria Trees" and has performed in six other Broadway shows. She has appeared with Mary Martin, Ossie Davis, David Wayne, and Godfrey Cambridge, among others.

She launched her career as a solo artist in 1963 and since then has created several programs for the national performing circuit. Her current program "Walk Together Children," was first performed in 1968 at the Greenwich Mews Theatre in New York City. The critical acclaim was instant, with Clive Barnes of the New York Times calling her "a magnificent performer."

**Art League to present**

**silk screenist, John Sears**

John Sears of George School, Newtown, Pa., will demonstrate photo silkscreen work at Friday evening's meeting of the Wyoming Valley Art League in Hotel Sterling. On Feb. 12, Sears will hold a silkscreen workshop in the Art League quarters, Hotel Sterling.

Sears is a graduate of the Art Institute of Chicago and received his master's degree in drawing, painting and printmaking from Northern Illinois University in DeKalb. After teaching ten years in Chicago and environs, he moved to Pennsylvania and now heads the department of drawing, painting and silk screen at George School in Newtown. He has spent three summers teaching stone and aluminum plate lithography, silk screen and photo silk screen at First Pennsylvania Governor's School for Arts at Bucknell University.

The program consists of a college of poetry, prose, and song, evoking the Black journey from auction block to new nation time, and using the words of ex-slaves, historical figures, plus key works by June Jordan, Imamu Baraka, Robert Hayden, Don Lee and more than a dozen other Black writers.

Explaining her show, Ms. Burrows says, "As a Black actress whose talents have never been fully used in American theatre, I have turned to solo performances, tapping a rich vein from my own Black culture and heritage. Most importantly, in this process, I have grown to understand that the function of the Black artist is to assist in the psychic, political, and economic liberation of African peoples."

Art League membership is open to the public. Franklin J. Kaye, president of the Wyoming Valley Art League, advised that reservations must be made with Ruth Richards for the Saturday morning demonstration by Sears. Now through Feb. 25, the Wyoming Art League offers an exhibit for public viewing and sale at First Eastern Bank, Wilkes-Barre, main office.

**Credit Bureau plans dinner**

The annual dinner-meeting of United Credit Bureau Services, Inc., is scheduled for Tuesday, Feb. 15, at the Treadway Inn, Wilkes-Barre.

Almost every day of the week, you probably use a lot of electrical appliances to make breakfast and dinner. You're not alone. Because twice a day, between 9 A.M. and noon, and then again between 5 and 8 P.M., everyone else seems to be using a lot of electrical appliances, too.

In recent years our total customer demand for electricity during these "peak-load" periods has increased. And, this is especially true in the colder winter months.

The results? Customer bills tend to increase due to the cost of operating special "peaking" generators—needed to meet the increasing demand for electricity at peak times.

Why? Most "peaking" units use oil—they're costly to operate—and this added cost is reflected in your electric bill.

**Once a day you can do something to help keep your future bills down.**

And it's simple. Just wait till after eight o'clock in the evening to do most of those big energy-using chores. After dinner, relax—the dishwasher can wait an hour or two. Plan to do your baking on weekends if you've got an electric oven—and prepare meals to freeze for use during the week.

Save up your laundry and do full loads after eight. And, try to schedule your family's bathing after 8 P.M.—baths don't use energy, but your electric water heater uses a lot!

Maybe you can think of even more appliances you can delay using until after eight.

**And today's the day to start!**

Every family that waits till after eight can help cut down future peak demands for electricity. The need for future rate increases will tend to be reduced because we will not need as much new generating capacity to meet the increasing peak load.

Remember, the bulk of UGI's electricity is generated using less expensive coal. So, the use of electricity in off-peak periods costs less.

It may take a while before the impact from peak load reductions is reflected in our customers' electric bills. But, if we all start now, that change will come sooner.

So remember—always try to save energy. And one way to start is to wait till after eight!

**UGI CORPORATION**

"Energy Peaks" that cost everyone more money, normally occur weekdays from 9 A.M.-12 Noon, and 5-8 P.M. Help bring them down by waiting till after 8.
