

*Be Joyous*

*It's* **Easter**

*Lilies perfume the scent of springtime, uplifting spirits to this special holiday. It is a time to cherish the miracle of regeneration and rebirth, and be thankful for all of life's blessings. The passing of Lent and the passion of Easter inspire every living thing to awake from Winter's rest and blossom in celebration of this holy occasion. Behold the joy of Christ's resurrection, and His message that internal peace is ours to share among the family of mankind. Your local merchants preserve this tradition and extend to you warm wishes for a happy and healthy season. Be joyous. It's Easter!*
