The discussion was short, to the point, and overall enjoyed by everyone. Oct. 20, at 7:30 p.m. in the same building the second session will take place. It will be on Discipline; What are the goals of misbehavior?; I messages; how to tell your child what you expect; exploring alternatives and logical consequences. by Bridgette Correale  
Halloween could be a time of fun and enjoyment for everyone-the neighborhood children and the homeowners alike. For a change the children should soap up their own family's house and car windows and the homeowners could sit back and say 'how cute.' Speaking of Halloween, last week Vin and I traveled to Plymouth to visit an acquaintance. We weren't sure where they

lived, so after going over the same railroad track three times I noticed a lady sitting on the rail of a porch. Asked Vin to stop so I could find out where, when, how and why. Rolled down the car window and said, "Good evening can you tell me where the Koleski family live?" No answer, so I repeated a little louder until Vin said, "Bridgette if she answers we're in trouble-that's a dummy."

We laughed so much and so loud, I thought we would be arrested for disturbing the peace. Monday evening Jayne Yoniski hosted a home decorator party at her home on Oak Drive. Several neighbors were on hand to see and hear Gateway Decorators, District Manager Joseph 'Red' Jones describe the many lovely ideas for us Suzy Homemakers. Lynn Austin, Sweet Valley's birthday girl, celebrated her 10th birthday with a dinner party for her friends, Friday Oct. 14. Enjoying the festivities were: Mary Ruth Farrell, Cathy Brady, Megan Flynn, Leah Slattery, Karen Martin, Maureen Hale, Adele Correale, Kelly, Sandy and Billy Austin.

Sincere sympathy is extended to the Konsavage family upon the death of John Konsavage. Birthday greetings to Fern Schooley, Oct. 18, Donna Sue James her eighth birthday, Oct. 21 and Jamie Barlow, Oct. 22. Happy to hear that Marie Jones is recuperating at home following her surgery at Wilkes Barre General Hospital. Dads have you given your support to the Lake Lehman Booster Club? I

don't know much about its functions, but I do know that during the summer months when local boys were going to wrestling, basketball and football camps, the Booster Club was there to lend a financial hand. Why not contact the school for further information and sign up. This weekend marked the end of Fire Prevention Week and I experienced a lesson worth passing on. Sunday afternoon, one of our local fire trucks was filling up at a neighborhood penny-pinching pump. The attendant, who was filling the truck, had one hand on the gasoline hose and the other holding his lighted cigarette, was talking to the fire truck driver. The lesson 'even those most knowledgeable about fire sometimes forget their good training and become careless'. It is my sincere hope that both the station attendant and the fire truck driver will be reminded of the necessary precautions of not smoking around gasoline pumps-especially when I'm in the car behind waiting to gas up. Who ever said, "I'm all thumbs" after dropping a thing or two didn't know what they were talking about. Did you ever put a thumb out of commission and try to count money, get dressed or the best, sew a thing or two. Last week I put my left thumb in retirement and had to make do with nine other clumsy fingers. It wasn't too bad, things went slow, but they were done. Then along came Friday when 400 patches had to be sewed on George's new Cub Scout uniform. Did such a great job, I sewed the patch to the uniform and to the band aid that was protecting my thumb.
