## Book Club hears of Philippine adventures

The March meeting of the Back Mountain Memorial Library Book Club was held last week in the social room of the First Eastern Bank.

Following the business meeting Mrs. Alfa starts Wilner of Tunkhannock talked about her years in the Philippines.

She and her husband, the Episcopal Bishop of the Philippines, lived there during the war years and spent more than two years in separate concentration camps with no communications possible.

However they lived

through it and spent many more years there giving whatever service they could to the people.

After her talk she was surprised with a birthday cake for her 92nd birthday which she celebrated the next day.

She cut her cake and shared it with the 21 guest present.

Mrs. Arthur Dungey and Mrs. James Alexander served tea, coffee, sandwiches and cookies.

The next meeting will be April 17 at the library.

## POST COOKBOOK

### Molly Burke bakes tasty desserts

Back Mountain residents Molly and Patrick Burke really enjoy country living. This week's cook, the former Molly Gallagher and her husband were both raised in Wilkes-Barre. They find the Back Mountain's air cleaner, people friendlier and living a lot less noisy in general. They have resided in their home on Park Street in Dallas for the past two years.

The Burkes' are the parents of two children. Daughter Kerry, who is five and a half, is a student in Miss Reiss' morning kindergarten class at the Dallas Borough School. The Burkes' son Kevin is a lively two and a half-year-old.

Molly enjoys baking in particular. Her other interests include sewing, usually items for the children, and a little

crocheting. She enjoys reading, especially mysteries.

Prior to her marriage, Molly was employed as a clerk-typist for the Luzerne County Intermediate Unit. Although she enjoyed secretarial work, Molly did not feel that she wanted a job that interfered with her time spent with Kerry and Kevin.

In October she found the ideal job for a mother with small children. As an Avon representative Molly can make calls, taking Kevin with her while Kerry is in school. Her territory extends through Parrish Street, Davenport Street, Jackson Street, Park Street, Elizabeth Street, on Huntsville Road. Since this area is her neighborhood, she has a good opportunity to mix business with getting to know her neighbors.

Patrick, who is a graduate of Wilkes College is employed by Chuck Robbins Sporting Goods Store. He is an enthusiastic jogger. Every morning during good weather he jogs from his home on Park Street to Huntsville Dam. Lunch hours for Pat are spent at the YMCA exercising. He is also a member of the Wilkes College

### CM student practice nursing

The Visiting Nurse Association and Home Health Maintenance Organization, Scranton provides clinical experience for College Misericordia senior nursing students. The students study families in the community by spending two days a week at VNA HHMO.

The nurses practice excellent nursing under the competent supervision of Mrs. Alice McDonnell, director of professional services. The staff nurses and students work together as a team in providing health care to the community. Ms. Mary Louise Komorek is College Misericordia's faculty preceptor who assists the students in their assignments for their day.

Grapplers Club and according to wife Molly "never misses a Wilkes wrestling meet."

Although the Burkes haven't done much traveling recently, they visited London with a group from Wilkes College while Patrick was in school. They visited Buckingham Palace, and saw the changing of the guard at Westminster Abbey and Stratford-on-Avon were other places included on their itinerary. This trip proved enjoyable for the Burkes, especially Patrick who would like to visit London again. They also traveled to Acapulco on their honeymoon.

If your family is tired of fried chicken, chicken cacciatore is a flavorful alternative. Garlic, tomatoes and white wine give this dish its distinctive flavor.

Earlier we mentioned that Molly liked to bake. She has submitted several recipes that would be perfect for dessert or coffee break.

For a delicious pastry, try filled butter horns. This yeast bread is filled with a delicious nut mixture.

A different cake to serve your guests is Aunt Alice's orange cake. The cake has a sunny, citrus flavor. The icing is flavored with orange rind.

Mile high strawberry cloud would make a special dessert for your next dinner party. This dessert may be made with either a cookie crust or a pie crust.

### Jaycees, Kiwanis note response

The Back Mountain Jaycees and The Back Mountain Kiwanis this week acknowledged the public response to their glass and newspaper recycling drives held every other month. The interest of these citizens in the environment has made the drives successful, club spokesmen noted.

Collection of glass and paper takes place on the last Saturday in February, April, June, August, and October from 9:30 to 11:30 a.m. at the Shavertown Methodist Church parking lot on Pioneer Avenue. Newspapers should be bundled with heavy twine or tape, and glass should be clean, and separated according to color. Metal rings and lids should be removed from bottles and jars.
