

Volunteers assist in Westmoreland opening

In order to make the first day of school a happy experience for students rather than a confusing one, Principal Walter A. Prokopchak enlisted the help of mothers and substitute teachers to work on a volunteer basis. The volunteers worked as runners, taking students from buses to their assigned classrooms,

where they were greeted by their new teachers. Prokopchak has used a similar plan in past years, and said he finds it extremely successful in eliminating some of the apprehension children have about the first day of school. As he states, plan your work, and work your own plan. Comments from parents seemed to verify

this fact, since it was stated many times that the Westmoreland School is cooperation at its best. Volunteers were directed by specialists Mrs. Cleda Shelby, Mrs. Nancy Campbell, Mrs. Karen Bray, and aide Mrs. Dolores Ostrum. Volunteer mothers were: Mrs. Diane Carlson, Mrs. Joanne Parrish, Mrs.

Henrietta Marshall, Mrs. Dorothy Shotwell, Mrs. Marsha Landis, Mrs. Leslie Horashko, Mrs. Elizabeth Hilstolsky and Mrs. Lonnie Stella. Volunteer substitute teachers assisting were Mrs. Betsy Valonis, Mrs. Maryanne Gelsco, Mrs. Patricia Russin, and Mrs. Nancy Buss.

Prokopchak stated that he feels he has always had the greatest cooperation among his schools and parents and added that Mrs. Lonnie Stella volunteered to assist for the remainder of the day in the school office, after completing her work as a runner. It is this type of cooperation that makes the school year a success.

OPENING DAY-Parents of students volunteered their services at the opening day of school at Westmoreland

elementary on Tuesday morning. In the foreground, Walter Prokopchak, principal, Mrs. Cleda Shelby and Mrs. Nancy Campbell check student lists.

Jaycees initiate burglary protection measure

Operation Identification, a proven protective measure against burglaries, is being introduced in the area by the Back Mountain Jaycees in cooperation with local police.

The program is designed to discourage burglars from breaking into local homes and businesses by providing positive identification of valuable property such as radios, TV sets, cameras, tape recorders, typewriters, firearms jewelry musical instruments and small appliances.

The idea was originated in Monterey Park, Calif. in 1963. Chief Everett Holladay of the Monterey Park Police Department urged homeowners to engrave their drivers license number on valuable possessions, making it harder for a burglar to sell stolen property and providing a valuable aid in tracing and returning stolen goods.

Results showed that only five burglaries were committed in the 5,000 households participating in the program, while more than 1,800 burglaries were committed in the non-participating households during the same period. Electric engraving pens

and other materials are available at the offices of the Kingston Township, Dallas Township and Dallas Borough Police as well as the Back Mountain Memorial Library.

The engraving tools are easy to use and will inscribe clearly on metal, glass, wood and plastic. After returning the engraving tool, each person will receive window decals advising everyone that all items of value on the premises have been

marked for ready identification by law enforcement agencies.

The window decals also act as a deterrent factor, said Harold Smith, Jaycee president. Once a burglar knows that the items of value in a home are marked and can be traced easily, he is likely to think twice about breaking in. In addition, a fence will not buy such easily identifiable merchandise and the thief will lose his quick turnover market, Smith added.

Back Mt. Kiwanis holds paper drive

The weekly meeting of the Back Mountain Kiwanis Club was held Saturday, Aug. 26 at the Mark II Restaurant, Dallas. President Bob Cartier presided.

Guests at the meeting were George McCutcheon, Ray Hillman, Walt Kozemchak and Bob Lawhorn, all of the Dallas Kiwanis Club.

A very successful paper drive was held following the regular meeting. Thanks go out to all members and friends who

made the paper drive a huge success.

President Cartier has asked all members for 100 percent support at the Fall Fair which will be held Sept. 7 through Sept. 10. The Fall Fair will be held at the Lehman Horseshow Grounds, Lehman Twp. There will be plenty of entertainment each and every night.

At the International convention held in Philadelphia's Marriott Hotel this past week, secretary Jim Snyder reported the awards presented to the Back Mountain Kiwanis Club were an inter-club award and a club 21 award. The club will also receive another award in the near future, based on third place overall membership.

Rotarians schedule turkey

Dallas Rotarians this week announced plans for their annual turkey dinner, scheduled Oct. 7 at the Dallas High School cafeteria.

Rotary President Jack McCain said the event will follow the Dallas High School football game with Wyoming Valley West and the club hopes game patrons will attend the turkey dinner.

Proceeds from the dinner go to local charities undertaken by the Rotarians.

Refreshments Door Prizes

NY to LA

\$35.00

*When it comes to getting from here to there, there's no cheaper way than in a Rabbit Diesel.

It can go a mile on only about 1/4 of fuel. Because diesel costs about 10¢ a gallon less than gasoline. And because a Rabbit Diesel gets 52 mpg on the highway, 39 mpg in the city. What's more, a Rabbit Diesel gets about 550 miles to the tankful.

All figures based on Jan. '77 EPA estimates. Actual mileage may vary depending on how and where you drive, optional equipment, and your car's condition. *Prices reflect fuel costs only, at 55 cents a gallon.
