

## Cooking and baking are Gay's favorites

by Joan Kingsbury  
Cooking and baking are Gay Rose Domkowski's favorite pastimes. Although Gay submitted recipes that are simple to make, she prefers to bake elaborate desserts. Gay has a variety of kitchen gadgets: food processor, blender, crock pot and micro-wave oven, all of which have proved helpful in preparing gourmet foods.

Gay and her husband, Joseph, moved to the Back Mountain following the Agnes Flood. The Dombowskis have known each other since childhood. Gay and Joseph grew up living next door to each other in Kingston. Prior to the flood Gay operated a ceramics shop. Although she no longer owns the shop, Gay still finds doing ceramics a good way to relax.

The Dombowskis have two children. Cindy, who is 10 years old, will enter fifth grade at Lehman-Jackson Elementary School in September. Cindy is a member of Girl Scout Troop 644. An aspiring musician, Cindy recently began taking piano lessons. The youngest Domkowski is Joseph, Jr. who is eight months old. Already an outstanding little fellow, Joseph recently won first place for boys in the baby parade sponsored by the Nesbitt Hospital Auxiliary. Gay's father, Joseph J. Anuskiewicz, a former Kingston resident, lives with the Dombowskis. A friendly little white poodle named Candy greets visitors to the Domkowski home.

Gay finds doing hand work such as sewing, knitting and needlework interesting. An active

member of Church of Christ United, Kingston, Gay teaches the preschool-kindergarten Sunday school class for four and five-year-olds. Gay also is a member of the West Side Junior Woman's Club.

A member of Local 44, Joseph is employed by Peabody and Wind, subcontractors at the Bechtel Power Plant. Joseph spends free time doing handy work around the house. Following the flood, Joseph repaired the Dombowskis' two Kingston homes. On their Back Mountain home, Joseph built a deck and is in the process of finishing a game room in the basement. A welder by trade, Joseph does some welding at home.

The Dombowskis enjoy doing things as a family. During the winter Cindy and her dad spend a lot of time snowmobiling. Gay, Joseph and Cindy play tennis often during the summer.

If you're looking for an easy beef and rice casserole or if you're hungry for stuffed mushrooms, cheese cake, cherry torte or fruit salad, try Gay's recipes. Your family will agree with her's that each one is delicious.

## Sinfonia board plans eighth season

At a recent meeting of the Board of Directors, plans were initiated for the eighth season of the Sinfonia da Camera. Howard Grossman, president of the board, has announced that Mrs. Paul Lauer will serve as chairman of the ad and patron drive for the 1979-80 season.

The Sinfonia da Camera, under the direction of Ferdinand Liva, is a Back Mountain Chamber Orchestra composed of instrumental players in the Wyoming Valley and surrounding area. The orchestra provides opportunities to young, rising artists to perform as soloists.

A chamber orchestra, much smaller than a symphony orchestra, may vary in number of players from about 15 to about 40. The repertoire for chamber orchestra includes works from the old pre-baroque to the present. Every major composer has written chamber works.

In order to make this vast repertoire of chamber music available through live performances, the Board of Directors of Sinfonia is asking for material and moral support for the coming season. In return, stimulating musical evenings will be provided.

The local critics have joined the listeners of Sinfonia by praising the orchestra and urging its continued support.
