Take notice that the undersigned is filing with the Pennsylvania Public Utility Commission Supplement No. 17 to Tariff Water-Pa. P.U.C. No. 6, increasing your bills for service effective December 1, 1979. The total increase of approximately \$10,488.00 is approximately 64.3 percent of the company's annual revenues, but the increase in your bill may vary slightly or substantially from this percentage, depending on use of applicable rate schedules. The annual cost of service to the average residential user would increase from \$162.05 to \$263.74, or by twenty-eight cents per day. Upon request, the company will inform you of the effect upon your bills. You may examine at the company's offices a copy of the material filed with the Public Utility Commission explaining the proposed increase and its justification. The proposed rate increase is subject to examination by the Pennsylvania Public Utility Commission which may suspend its effectiveness and institute a formal investigation thereof, or both, if it deems it appropriate.

Forms for the filing of a formal complaint may be obtained by you upon request to Pennsylvania Public Utility Commission, Harrisburg, Pennsylvania 17120. The timely filing of a formal complaint entitles you to a hearing at which you may present testimony and question company witnesses, and places on the company the burden of proving that the proposed rates are reasonable.
