(Continued on P. 13)

A Corona heater in your home or where you work will let you save money on heat this winter and stay warm too. Buying now while stock is plentiful will let you beat the rush. The rush that's sure to come when it starts to get cold

People all over the world know they can count on Corona heaters for quality, safety and economy. Corona heaters burn without venting and produce no odor, smoke or fumes. An automatic shut-off system is just one of the features that makes them worry free. They hold their own fuel sup-ply and light with simple flashlight batteries. They go where you want to go and give you good heat whenever you need it.

Be ready for the cold that winter brings and for the emergencies that can shut your furnace off. Beat the lines and get your Corona now.
