Resurrection

by Clyde Dupin
The resurrection is a historical fact. The resurrection of Jesus Christ makes Christianity different from all other religions of the world. The tomb is empty and Christ was seen by many witnesses. The resurrection is our assurance of eternal life. From the earliest days of Christ's ministry he faced questions of how men could know for certain he was the Messiah sent from God. His miracles should have been credentials enough. Many of the works he did witnessed to his deity. He gave many signs and performed many wonders among the people. With all this evidence that Christ was sent from God, there were still those who refused to believe. His own people demanded one sign after another. The resurrection of Jesus on the third day was the greatest proof that he was God's Son. At this Easter season we need no new sign. Jesus Christ is alive and someday will return. The horrors of his suffering gave way to the glory of his resurrection. Let Christians around the world proclaim the living Christ at this Easter season and throughout the year.

The new small-investment high-interest certificates.

INVEST AS LITTLE AS \$1000 IN 30-MONTH CERTIFICATES.

10.50%
MAY — INTEREST RATE

10.92%
ANNUAL YIELD

Deposits insured up to \$100,000 by the Federal Deposit Insurance Corp.

Q. What is the minimum deposit I need for a 30-month Certificate?

A. The new Certificate requires a minimum deposit of only \$1000. We at WNB think this Certificate is an excellent way for you to invest a relatively small amount of money and still receive substantial interest.

Q. Is my investment insured?

A. Money in a WNB 30-month Certificate is insured up to \$100,000 by the Federal Deposit Insurance Corporation.

Q. Is the interest rate significantly higher than that of a regular savings account?

A. YES. The May 30-month Certificates pay an impressive 10.50% interest. When compounded, this rate has an annual yield of 10.92%, based on a 365-day year. That's over twice as much interest as most regular savings accounts. The rate, however, may vary from month to month.

Q. Does this mean once a Certificate is purchased its interest rate will change?

A. NO. The interest rate at the time you purchase your Certificate is one that is guaranteed for the life of your Certificate. That's something many other kinds of investments can't offer.

Q. Are there any sales commissions or other charges?

A. NO, none. You collect all the interest on your investment.

Q. Can my money be withdrawn before maturity?

A. YES. Of course. Federal law requires that Certificates redeemed before maturity will be subject to a substantial penalty. This penalty will never be greater than 6-months' interest.

Q. How do I know the 30-month Certificate is right for me?

A. The best way is to come in to any one of WNB's 10 offices and talk to one of our New Accounts Clerks. Managing money with inflationary pressures on one hand, and a maze of savings options on the other, is no easy matter. By looking at your income, obligations, and goals, we can help you choose an investment that gives you the maximum return on your money, and balances that against your need for cash to take care of your everyday expenses.

Q. How can I purchase a 30-month Certificate?

A. Once you've decided a 30-month Certificate is right for you, you can purchase one at any of our offices or simply send us this coupon. If you'd like more information, call (717) 823-0131 and ask for the New Accounts Clerk. We'll be happy to help you.
