Harveys Lake Day includes parade

Harveys Lake Day, Aug. 24, will open with a parade beginning at 1 p.m. at Sunset, and continuing around the lake to Hanson's Amusement Park by way of Alderson, according to Sandra Serhan, president of the Harveys Lake Historical Society.

All units participating in the parade are requested to assemble at Sunset between 12:30 and 1 p.m.

PennDOT has approved the closing of the road from Sunset to the picnic grounds between 1 and 2 p.m., according to Miss Serhan.

"This is the 1st Annual Harveys Lake Day sponsored by the newly-formed Historical Society," said Miss Serhan. "We plan to make it a memorable event."

Harveys Lake Mayor Al Zim will be grand marshal of the parade. Each Harveys Lake community organization will have a representative group in the parade, according to Miss Serhan.

Bass Masters Association, Harveys Lake council members, Harveys Lake Historical Society, Harveys Lake Little League, D.C. Roberts Fire Company, Harveys Lake ambulance corps, Lions Club, Miss Harveys Lake, 1980, and the two turners-up, each in individual

cars, will participate in the parade.

Other groups participating are the Harveys Lake Women's Service Club, Scout troops, Taxpayers Association, Donegal Society, Yacht Club, American Legion, Tourist Promotion and the U.S. Coast Guard.

Bike riders and others affiliated with Harveys Lake are invited to take part. Persons with unusual or extraordinary vehicles also are invited to join the parade.

Following the parade there will be a program at Hanson's Park followed by music and dancing and the introduction of the Harveys Lake song. The day will continue with picnicing and rides. Fireworks will highlight the evening.

Exhibits by any group are welcome and may be set up under the pavilion.

A final organization meeting for Harveys Lake Day was scheduled for Wednesday, Aug. 20, 7 p.m., at the Harveys Lake Hotel. At that meeting, the three finalists for Miss Harveys Lake will be selected. The winner will be announced on Sunday.

Persons wishing further information may call 639-1387 or 639-5875.

300 frosh expected at Misericordia

Close to 300 new freshmen and transfer students will arrive at the campus of College Misericordia on Tuesday, September 2. It marks the beginning of "Horizons '80" the orientation program designed for new students, and the opening of the 80-81 school year.

According to Sister Martha Hanlon, RSM, dean of students at College Misericordia, the orientation will be a combination of activities over a period of two days to help new students familiarize themselves with the college and its campus before the actual beginning of classes.

The new freshmen, representing one of the largest incoming classes in the past ten years, will begin registration on Tuesday morning.

After a buffet lunch, new students will be welcomed through addresses by Margaret Jackson, Chair of the Orientation Committee; Dr. Joseph R. Fink, President; Sister Marie Dolores

Moore, RSM, Academic Dean; Sister Martha Hanlon, Dean of Students; and Student Government President Jeanne Miller.

Other afternoon activities include a meeting of students with their orientation counselors, a general session for parents including information on financial aid and other elements of college life, and a session for students, parents and administrators and faculty.

Recreational activities and a coffee house will end the activities for Tuesday evening.

Wednesday will include testing session, and sessions on time management, and familiarity with the college through programs designed by the orientation counselors.

Thursday's Orientation mass, celebrated by Rev. Joseph Boles, College Chaplain, and an interaction program will end the activities. Classes begin after lunch Thursday, September 4.

Dallas teachers ok contract

Members of the Dallas Education Association accepted the contract proposal made by the Dallas School Board by a 106-16 vote at a meeting of the Association held Monday night.

John Turner, president of DEA, reported that the association accepted the three year pact which runs through Aug. 31, 1983.

Terms of the pact include an 8.3

percent increase the first year and an 8.2 percent increase each of the next two years.

The accepted package also included a \$1,000 increase in life insurance as well as a nominal increase for department chairpersons and elementary building coordinators.

The district also increased the Blue Cross-Blue Shield coverage to

include dependent students up to the age of 23 years.

Increases also were included for the extra-curricular, coaching and advisors salaries.

"Maybe I should list the requests we didn't get," said Turner. "They would probably cover most of the page in the paper."

Turner explained that the district must first comply with Title IX, the

equal rights stipulation, before the teachers qualify for the increases. In order to comply with Title IX, the district had to increase some coaching salaries and also create some new positions.

Turner also said that the DEA had ratified the agreement but it now must be approved by the board.

There are 173 professional employees covered by the agreement.

LLEA to vote on proposal

The negotiating committee of the Lake-Lehman Education Association received a proposal from the school district's negotiating committee at Monday night's mediation session which they will take back to the membership of the association.

"We will meet Monday night, Aug. 25, to vote on the proposal," said Ms. Carol Pyle, president of the L-LEA.

The proposal came as a result of two mediation sessions held with

State Mediator Anthony Andriole, Hazleton.

Representatives of the association and the board's negotiating committee had held numerous meetings without coming to an agreement. Both economic and non-economic factors were involved.

When it became evident that negotiations had reached a stalemate, a session was held with State Mediator Andriole prior to the Aug. 18 mediation session.

Following that meeting, Ms. Pyle, president of the association, said that some progress had been made and both parties were hopeful that a joint agreement would be reached in the near future.

Allen Sorchik, member of the Lake-Lehman school board negotiations committee, also reported previously that he was confident that an amicable agreement could come out of the Aug. 18 meeting.

Whether or not the latest proposal will be accepted will be determined at the Aug. 25 LLEA meeting.

At last week's board meeting, the directors approved a 25 cents per hour increase in the salaries of all clerical employees, superintendent of building and grounds and the director of food services.

Dr. F. Budd Schooley of Back

Mountain Protective Association proposed that Lake-Lehman school directors consider joining other school districts in requesting state legislators for tax reforms in obtaining money for districts. Schooley said the reforms would use income tax instead of property tax as a source of income for the school district.

Architect for the new Lake Elementary School reported to the board that January, 1981, is the projected date for the opening of the new building. The building is expected to house more than 400 students from kindergarten through sixth grade and three special education classes.

It's Haymarket Antique, Art Show at Evans Falls

The 21st annual Haymarket Outdoor Antiques and Art Show and Sale will be held Saturday, Aug. 30, in a large, open field on Route 309, midway between Dallas and Tunkhannock in the village of Evans Falls.

Sponsored by Serve-Your-City Club of Wilkes-Barre, the sale will be conducted from 10 a.m. to 5 p.m. Club members will feature a booth including new and used items, homebaked goods, jams, jellies and pickles provided for sale by club members to raise funds to

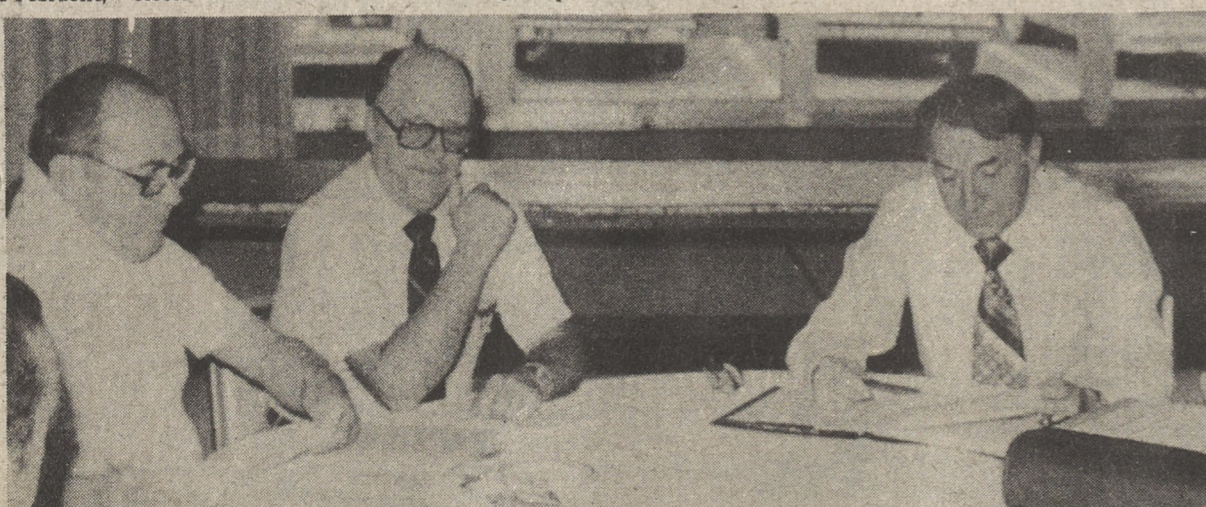

continue support of various charities.

Antique dealers participating in the show and sale will represent several states and offer many choice antiques and collectables for sale.

The art show will feature oil paintings for sale and will be displayed on the outside wall of a rustic, old barn.

There is ample space for level parking available free of charge and a snack bar will be set up.

In case of rain, the show and sale will be held the following day, Sunday, August 31, same hours.

GOVERNOR'S VISIT--Dr. Victor F. Greco, M.D., governor of District 741 of Rotary International, paid a formal visit to the Dallas Rotary Club last week in preparation for the coming year of community service planned by the club. Shown above in a planning session before the club's regular meeting were (left to right) Paul Priebe, president of the Dallas club; Duncan Whitehead, vice president of the Dallas club, and Dr. Greco.
