

Warehouse Art Gallery sponsors decoupage exhibit

The Warehouse Art Gallery will sponsor a decoupage exhibit beginning October 18 through November 23. Mrs. Marian Rubinstein, New York, member of the Board of Directors of the National Guild of Decoupage, with headquarters in Grosse Pointe, Michigan, will be

the guest of honor at the opening of the exhibit and reception on Saturday, Oct. 18, 2-6 p.m. in the Gallery at 381 North Main Street (corner Curtis Street), Pittston. Mrs. Rubinstein, a nationally known artist in her field, as well as other members of the National Guild, the New England

Guild and the Delaware Valley Chapter of the National Guild, and our own local artists in decoupage will exhibit their work. Decoupage is the art of decorating surfaces with image paper cut-outs. A great variety of prints can be used under varnish or glass or with no varnish,

or on the glass, porcelain or any variety of surfaces. A 300-year old art originated in Italy when, unable to obtain desired media, Italians started using paper cut-outs under varnish. The technique spread to France and became known by its current name—decoupage—me-

aning cutting out.

Hiram Manning and his mother Maybelle Manning introduced this ancient art in the United States about 45 years ago and became author of books—articles, teacher, lecturer all over the United States and has been known as "the doyen (dean) of decoupage."

Decoupage exhibit at the Warehouse Art Gallery will be the finest of its kind in the Northeastern part of Pennsylvania bringing together the national and local talent. No admission charge.

Gallery open for viewing on weekends 2-5 p.m. or by appointment, tel. 693-3825.
