

## Books needed for library auction

by Nancy S. Kozemchak

We are looking for your donation of used books at the library. These books are sorted and either added to the library collection or packed for sale at the auction. The auction will be held July 9, 10, 11 and 12 this year with Jim Eason as chairman. Mrs. Crump, chairman of the book booth, is especially interested in cookbooks as these are an easy sale item at the booth. Books may be brought to the library any time during the hours the library is open.

Our Book Club goal chart hanging in the front of the library now stands at 179 members with a hoped-for membership of 225. The dues are \$8 for a single and \$10 for a double membership. The Book Selection Committee meets once a month to pick books to order and these are placed on the

special shelf, "For Book Club Members Only." After a year, these books are added to the library's regular shelves. The Book Club meets socially on the third Monday afternoon of the month, except during the summer time, at which time there is a short business meeting, an interesting program and refreshments. Mrs. Florence Crump, one of our most devoted and staunch supporters, has served as president of the Book Club for many years. If you haven't been a member of the Book Club in the past, we invite you to join and enjoy some exciting reading.

Hilltop Nursery School has concluded their regular visits to the library until this Fall. Mrs. Charlotte Wat-chulonis brings the children to the library every three weeks for movies and to select

books for home enjoyment. The children brought us a pot of tulips which they had planted from the bulbs that added much color to the children's annex. They also presented Mrs. Rudolph and myself with a special souvenir box, which they had made. Their visits make Tuesday mornings delightful.

The Collector's Group, with Mrs. June McCloskey in charge, had an excellent meeting last month and look forward to their next meeting on Wednesday, May 27 at 7:30 in the library annex. They enjoyed some of our books on collections, exchanged ideas about collecting and shared some of the collections brought by members. If you're interested in collecting, come to the library on May 27.

New books at the library: "Enterprise" by Gerry Grey is a story about the use of the

shuttle in our future space programs—the dreams, the battles, and the personalities involved. This book explains what the shuttle is, how and why it came into being, how it works and what it will do.

"The Lord God Made Them All" by James Heriot is the completion of the verse with this latest long-awaited story. Once again the author brings us the magical beauty of Yorkshire, the joys and sorrows of its inhabitants and the richly rewarding experiences of a country veterinarian.

"Will You Love Me In September" by Philippa Carr is an enthralling blend of passionate romance, high historical adventure, and haunting suspense. Clarissa, the beautiful, spirited love child is only 12 when she first encounters the dashing officer, Lance Clavering. A romantic novel.
