

Joe Kishkill

Joe Kishkill of Oak Hill is not only an outstanding athlete but a National Honor student as well.

The son of Mr. and John Kishkill of Oak Hill, Joe is a junior at Lake-Lehman High School, where he is a student in the college prep program. During his senior year, he plans to take three advanced placement courses in biology, calculus and English for which he will receive college credits.

This week's In the Post Spotlight student at Lake-Lehman is a member of the high school's varsity basketball team, a game in which he excelled during the past season. He also is a member of the high school's varsity baseball team where he plays shortstop and sometimes pitches.

Joe is a member of the National Honor Society and although only a junior, he plans to attend college and probably major in physical science.

He has very little leisure time during the summer because he is involved in the high school's summer basketball program. When he does find the time, he goes swimming or sometimes bowling. Joe said he would like to ski or ice skate but can't because of the possibility of being injured. This would finish his basketball career which he thoroughly enjoys.

Joe likes Broadway plays and travels to New York whenever he can to enjoy them. He likes listening to rock and roll and does a lot of reading,

"some of everything", said Joe.

He is extremely proud of Lake-Lehman's championship teams this past season and the growth of the students. The teachers are good and give a lot of time to the students, a lot of their own time, according to Joe.

Joe believes that the school needs to expand, a project which he believes is underway, and thinks that a soccer team would be a good idea since it would make it possible for more students to participate in the sports program.

Georgia Dombek

Dallas Junior Georgia Dombek is active in the high school's activities. A student in the college prep program she is an honor student and this year was inducted into the school's chapter of the National Honor Society.

She is a member of the student council, vice president of this year's class and recently elected treasurer of next year's class.

Georgia also is a member of the school's ski club and captain of the varsity strutters. Last year she did the costumes for the school musical.

This week's In the Spotlight student at Dallas, Georgia is the daughter of Mr. and Mrs. George Dombek, residing near Huntsville Dam. She has a younger brother, Rob, and a younger sister, Alison, both students in the Dallas School District. Georgia plans to attend college and major in either computer science, math or engineering.

During her leisure time, Georgia plays tennis and does a lot of sewing since she makes most of her clothes. She enjoys dancing particularly modern dance. Georgia also swims, and during the winter goes skiing at Elk Mountain.

Several years she traveled across the country and visited most

of the states. This Easter, Georgia went to Bermuda with a group of Dallas High School students.

Georgia works part time at Weis Markets so does not have a lot of leisure time.

Georgia Dombek

"I like Dallas High School because of the friendly atmosphere among the students and the faculty. The teachers are extremely cooperative in helping students prepare for college," said Georgia. She said she would like to see more recognition of the girls sports program at the high school.
