Senior will eventually collect \$11,500

Seniors at Dallas Senior High School have an opportunity to enter the 1981-82 Century III Leaders program, which awards local, state, and national prizes to students who demonstrate the leadership abilities and social awareness necessary to help meet America's needs as we enter out third century.

One particularly outstanding senior will eventually collect that \$11,500 scholarship which goes to the Century III national winner. That person is selected at the Century III Leaders Conference, scheduled for March 5-8, 1982, at Colonial Williamsburg, VA.

Two winners from each state and the District of Columbia - chosen from among a pool of winners from each participating high school - receive \$1,500 scholarships and all-expense-paid trips to the Williamsburg Conference. Two state alternates each receive \$500 awards.

Now in its seventh year, the Century III Leaders program is designed to bring together student leaders in order to discuss the issues which face American in its third century. Students are judged at the local school level on leadership abilities, school and community involvement, a short essay written on a particular issue facing America, and a current events examination.

In all, the Century III Leaders program awards \$218,500 in scholarships and provides for 102 students to attend the Williamsburg conference. The program is administered by the National Association of Secondary School Prin-

cipals and funded by the Shell Oil Company. Deadline for students to

apply is Oct. 16. Students interested in participating contact Mrs. Price.
