build for eight hours after that as hundreds of thousands of anglers await the opening of trout season at 8 a.m. on Saturday, April 17.

Anglers looking ahead to the opening of the state's trout season, and who have not yet pruchased their fishing license, are urged to do so as early as possible in order to avoid the last minute rush. Each year several issuing agents run out of licenses prior to opening day, so anglers should be sure they have their 1982 license well in advance. The cost of a fishing license is the same this year as the past

several years. A resident license for persons age to 64 costs \$9.00. Resident senior licenses sold to those age 65 or older cost \$2.00 for the year, or they have the option to buy a lifetime fishing license for \$10.00. Lifetime licenses are available only at County Treasurer's offices and Fish Commission offices.

Nonresident licenses cost \$14.00. There is also a seven-day tourist license which may be purchased by nonresidents for \$9.00. Agents are permitted by law to charge a twentyfive cent handling fee in addition to the cost of the
