Last week Watson took the US Open the only tourney that he didn't win.

The Key Stone Kops of the Luzerne Centennial have been doing a terrific job in picking up and arresting good citizens of Luzerne and Swoyersville and surrounding boroughs who don't have a pin. Everything is good natured fun and everyone is taking it good and getting a big kick out of it.

Chairman Bob Morgan announced that he would like to thank everyone who participated in the parade on Saturday and who helped and attended their Bazaar over the past weekend to make the Centennial a big success.

Recently several of our local fishermen went on a trip to Canada to did some fishing way out in the boondocks. Had a good time, got their limit and then after their vacation was coming to a close, Andy Gomba of Maltby Ave., Swoyersville, Nick Gomba his brother and friends Don Boise and Coke Bonka, took the plane to get to their car. When they were getting out of the plane they bumped into four other fishermen from Swoyersville, Bob Savage, Steve Cebrick, Chick Romanchick and Bob Bob. A small world.

Borough Council plans to enact sewer fee

On July 6, 1982 Swoyersville Borough Council will meet to enact its Sewer Use Fee for revenues needed to complete the budget as passed earlier this year. The fee ordinance which Council opted for in lieu of a real estate tax increase, has been advertised in the classified sections of daily papers in summary form during the past two weeks.

Among the primary points of the ordinance is the fee structure which will be \$30 for residences and \$50 for businesses and industry. All non-profit organizations, service organizations, schools and churches will pay the

\$30 sum. Due to the extensive research into the manner enactment of such a fee the bills are being mailed out early in July. The annual payment will be due on or before September 30 of this year. Though the ordinance contains penalty provisions for late payment Council may elect to forego any penalty enforcement this year due to the short payment period. In subsequent years however, the bills will be mailed out in the first quarter of the year and due by September 30 with penalty provisions in force.

Borough Council has

jointly issued a request to residents to cooperate fully with this fee as they have with the refuse fee for garbage collection. The revenues are vitally needed this year to maintain levels of service for the remainder of 1982. Though the fee normally will be used expressly for

sanitary sewer expenditures other revenues have been utilized for sanitary sewer costs this year until the new fee receipts are received. Thus those line items of the budget are being strained by supporting both the sanitary sewers and the purpose for which said funds were intended.
