**Advertising Results!**

**We can put it all together for you and your business!**

Some businesses don't advertise because they are puzzled. They don't know where to begin. Do they need an artist? Should they hire an ad agency? What's co-op about? Who sets the type? If you are not now advertising but know that you really should be, then give us a call. Our ad department can do the complete job for you. We'll help you set a budget, decide what items will do best in an ad, help you locate and collect important co-op dollars, write hard hitting copy, even supply you with art at no extra cost, and place your message before the people who really count--the thousands of readers who can be persuaded to become your customers! Newspaper advertising is powerful. It really works and the cost is well within the budgets of most small businesses. Just give us a call. We'll show you how effective newspaper advertising can ring your cash register. We'll get you results!
