Eyes Re-election

Michael L. Morreale, a lifelong resident of the Pittston area and a local businessman, has announced his intention to seek a second term as county treasurer of Luzerne County.

"Again I offer my record as a public official who has worked for the best interest of the county by reducing expenses and increasing earnings," Morreale said. "I have kept my promise to be a working county treasurer." In addition, "I have kept the money working for the public by investing wisely and earning over three and one half million dollars for the taxpayers of the county."

Morreale said he has

eliminated two positions in his office since being elected in 1979, saving the taxpayers of this county over \$100,000.

He cites a countywide dog license sale as one of his major accomplishments. "Because I believe we ought to take government service to the people of the county, I have instituted a countywide license sales system," he said. "This system gives everyone an opportunity to use the services of this office in their own municipality without having to bear the cost and inconvenience of traveling to the County Courthouse."

He has also instituted a lost and found system for dogs which has received an overwhelming response. This system has given dog owners who have lost their pets an opportunity to quickly recover them without unnecessary delay and unreasonable costs.
