

Just Around the Corner

Spring is definitely in the air when its time for the Prince of Peace Episcopal Church annual Antique Show. Scheduled this year for May 3 and 4, the show features dealers from Pennsylvania and surrounding areas.

Mrs. Douglas Ide will serve as this year's general chairman, assisted by co-chairman Mrs. Jeff Townsend. Dealer chairman is Mrs. Sheryl Lenz.

In addition to the show,

the kitchen and snack bar will offer delicious home-made lunches, platters and desserts. The flower mart and flea market will be located in the lower level.

For an interesting, enjoyable day, keep the Prince of Peace Antique Show in mind.

Mark Kunkle, Kingstons Twp. administrator, has returned from Washington, D.C. where he attended the National

Governmental Affairs Conference. Mark, a board member of the ARC (Association for Retarded Citizens of the United States) represented Luzerne County at this conference, which focused on sessions directed toward the key issues facing citizens with mental retardation.

Mr. and Mrs. Thomas Evans, Manor Drive, Shavertown, announce the birth of a son, Darrell

Edward, on March 27. They also have a son, Randy Scott.

Mrs. Evans is the former Jayne Thoma, daughter of Mr. and Mrs. Kenneth Thoma Sr., 231 Horton St., Wilkes-Barre. Mr. Evans is the son of Jean Evans, Shavertown.

A family dinner marked the recent baptism of Kathryn Ann Mullins, daughter of Mr. and Mrs. Patrick Mullins of Shavertown. Kathryn Ann

was baptized in St. Therese's Church with the Rev. Joseph Sammons, pastor, officiating. Kathryn Ann's godparents are Mr. and Mrs. James Daney, Plains. Maternal grandparents are Mr. and Mrs. Eugene Selecky of Swoyersville. Her paternal grandparents are Marguerite and the late Thomas Mullins of Pittston.

Anyone who reads my column knows that I am a

great fan of the AFS (American Field Service) student exchange program. Having met many of the visiting students, I have been very impressed with them.

On Sunday, April 24, at 8 p.m. the first annual AFS Talent Show will be presented at the Trucksville United Methodist Church Education Building.

AFS students, school club members and their friends are presently working on some clever,

entertaining skits for the show. Anyone interested in a fun-filled evening may obtain tickets by contacting Sally Davenport or Jackie Sheehan, or any chapter member.

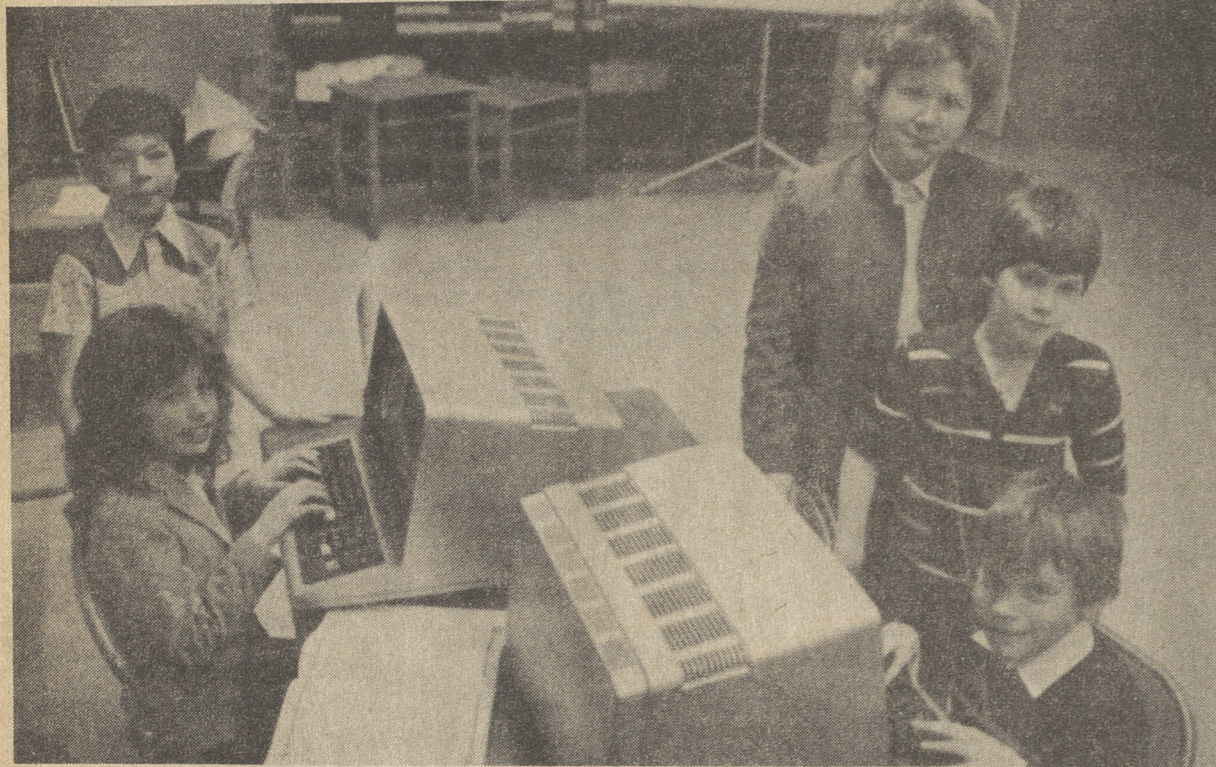

Come meet our local AFS students and have a good time!

Best wishes to these recently engaged couples: Michelle Leanne Maher and Kevin Neil Coombs; Christine Ellen Kern and

James J. Tucker; Marilyn Ruth Plashinski and James Vincent O'Boyle; Rosanne Rygiel and Frank G. Savage.

Happy new parents this week are Bonnie and Charles Senkus, Vicki and William Novajosky and Cynthia and Richard Spak, who have baby girls and Kelly and Timothy Shaw, who have a baby boy. Warmest wishes to you!

Computer Boom at Twp School

Microcomputers have entered the Dallas Township Elementary School with a boom through the combined efforts of the P.T.O.,

parents and firends! The school is very fortunate to have a very successful and active P.T.O. Under the direction of past president

Diane Hozempa, and Kathy Jesse, the current president, it is the only elementary school in the Dallas district to have computers.

Presently, teachers are busy taking courses to enable them to plan an effective program to teach computer literacy.

UNLEASHING HUMAN POTENTIAL...

The Life Improvement Center is concerned with the reestablishment of the normal relationship between the spinal bones and the nerve system, with the ultimate objective of helping each individual to more fully express all of life's potentials, to become all that she or he could be.

We are talking about your human potential. Every expression of human potential—physical, mental, emotional, sensory, extra-sensory, has its roots in the brain, (the master control system of the body). Each of the billions of cells is controlled and coordinated by the brain and spinal cord to result in an integrated whole.

The Central nervous system—the brain and spinal cord—is so vital to life that nature has enclosed it in the bony protection of the skull with 24 moveable segments known as vertebrae.

When the normal relationship of the bones of the spine is disturbed, the proper function of the nerves which pass between them from the brain to the rest of the body is impaired.

This results in discoordination of body chemistry, causing structural, chemical, mental and emotional imbalances, and the ultimate loss of overall potential. Human potential is so vast, it defies imagination which itself is but one small expression of our capabilities.

A visit to the LIFE IMPROVEMENT CENTER can start you on your way to a more fulfilling and healthier lifestyle that can be adapted to a permanent lifetime change in habits and attitudes.

Center hours will be Mon., Wed. and Fri. 10:00 to 3:00 and 5:00 to 8:00. Tues. and Thurs. 10:00 to 5:00. Sat. hours will be by appointment only.

PLEASE FEEL FREE TO DROP INTO THE CENTER ANYTIME DURING THE WEEK. As always there is never a charge for a consultation and explanation of what the LIFE IMPROVEMENT CENTER can offer.

Age is no barrier, as it is our philosophy that you are never too young nor too old to learn a better way of life.

Group lectures are available upon request. FREE OF CHARGE. PTA Groups, Veteran groups, Health Spas, recreational organizations, Schools, etc. Cambridge Diet Plan also sold here.
