Whatever the occasion, your Carvel Ice Cream Cake Specialist will be happy to help you design a cake that's just right fo any sized gathering

12" x 18" ONLY

time teenagers are caught vandalizing or having beer parties it always ends up on the television news or in print.

Seldom is the public told about the teenagers who

spend their free time helping people or improving the area in which they live. Many of these kids can be found in high school Key Clubs.

Key Clubs were started in California in 1925. They

have since spread to the rest of the United States, Canada, and nine other countries. They are among the world's largest high school public service organizations with 105,000 Club members in 3,600 high schoools.

Pennsylania's first Key Club was started in 1936 at a high school in Elwood City. There are now 146 clubs in the state. They are all sponsored by Kiwanis Clubs.

The clubs were once all male organizations, but in 1977, the rule was changed so that girls could join. Many now hold significant office positions.

Beth Brader is a senior at Lake-Lehman High School, and is presidnet of its Key Club.

She and the other members of the club have been working very hard to make this year a productive one for the school and community.

They held Valentine's and St. Patrick's Day flower sales at the school, and sold shamrocks for muscular dystrophy. They will present the money they raised from that sale at the Jerry Lewis Telethon.

The club also held a marathon volleyball game to raise money for Eddie Turchin, an area youngster with serius medical problems.

The Lake-Lehman Key Club is sponsored by the Back Mountain Kiwanis Club. On Saturday mornings, club members and advisors attend Kiwanis Club meetings at the Mark II Restaurant. They also help Kiwnians in the collection of paper drives at Offset Paper-

There are more events scheduled before the end of the school year. A Mother's Day flower sale, a volleyball game to benefit leukemia, and a nursing home visit are all planned, as well as an Interclub meeeting with WyYoming Area. The two clubs will meet and discuss what they are doing and trade off ideas about what more can be

Also upcoming is an inschool assembly at which Kiwanis members and important officials will explain what key club is all about and why it is so important.

EASTER CANDY SALE WINNERS: Prize-winners in the Westmoreland PTO Easter

Candy Sale are pictured below. Seated left to right, Susan Amos, Lori Strohl. Standing, Cynthia Billman, Erik Sowga.

Sale Winners Announced

The Westmoreland PTO recently ended its Easter Candy Sales. The follwoing students were awarded prizes through a random drawing:

First Prize - Cynthia Billman of Miss McCarthy's third grade, a 12" black and white TV.

Second Prize - Susan Amos of Miss Reiss' third grade, a radio-cassette player

Sowga of Mrs. Faerber's second grade, a PacMan game watch. High Salesperson was

Lori Strohl of Mrs. Breymeir's class. She received a filled Easter egg form Cavanaugh's Candies.

The classes with the highest candy sales were Miss McCarthy's third grade and Mrs. Banks' second grade. These

Third Prize - Erik classes will be treated to a pizza party, compliments of the PTO.

> A special thanks goes to Chairman Pat Hite, committee members Rose Rinehimer, Pat Karuza, Gerry Wall and Larree Bailey, the staff of Westmoreland Elementary, and all students and parents who helped make this candy sale a success.

UNLEASHING HUMAN POTENTIAL..

The Life Improvement Center is concerned with the reestablishment of the normal relationship between the spinal bones and the nerve system, with the ultimate objective of helping each individual to more fully express all of life's

potentials - to become all that she or he could be.

We are talking about your human potential. Every expression of human poten hal-physical, mental, emotional, sensory, extra-sensory, has its roots in the brain, (the master control system of the body). Each of the billions of cells is controlled and coordinated by the brain and spinal cord to result in an integrated whole.

The Central nervous system - the brain and spinal cord - is so vital to life that nature has encased it in the bony protection of the skull with 24 moveable segmen-

ts known as vertebrae.

When the normal relationship of the bones of the spine is disturbed, the proper function of the nerves which pass between them from the brain to the rest of the

This results in discoordination of body chemistry, causing structural, chemical, mental and emotional imbalances, and the ultimate loss of overall potential. Human potential is so vast, it defies imagination which itself is but one

small expression of our capabilities.

A visit to the LIFE IMPROVEMENT CENTER can start you on your way to a more fulfilling and healthier lifestyle that can be adapted to a permanent lifetime

change in habits and attitudes Center hours will be Mon., Wed. and Fri. 10:00 to 3:00 and 5:00 to 8:00. Tues. and Thurs. 10:00 to 5:00. Sat. hours will be by appointment only. PLEASE FEEL FREE TO DROP INTO THE CENTER ANYTIME DURING THE WEEK. As always there is never a charge for a consultation and explanation of what the LIFE IMPROVEMENT CENTER can offer.

Age is no barrier, as it is our philosophy that you are never too young nor too old to learn a better way of life.

Group lectures are available upon request. FREE OF CHARGE. PTA Groups, Veteran groups, Health Spas, recreational organizations, Schools, etc. Cambridge Diet Plan also sold here
