The Dallas School District announces there will be the need for transportation of special education and some private school students to and from school via private car or van starting Aug. 3 for the 1983-84 school year. Any interested persons should contact Transportation Coordinator, Mrs. Susan F. Farr, for further information.

Freshmen Program

Over 300 recent high school graduates participated in a freshman counseling and advising program at the Wilkes-Barre Campus of the Pennsylvania State University. Parents, guardians and spouses of the students were invited to participate in the program. They were helped to understand

the students' abilities and how these relate to the academic programs and requirements of Penn State. Shown above at a family conference are, from left, Ms. Diane Hunt, adviser-consultant for the Division of Undergraduate Studies; Ken Adams, Jr., an engineering freshman from Dallas; Mrs. Barbara Adams and Dr. Carl Pratt, advisor.

Students Must be Immunized

The Pennsylvania School Health Regulations require that all school children from kindergarten through 12th grade must be immunized against measles, mumps, rubella, tetanus, polio and diphtheria.

Parents of the Lake-Lehman School District students who have not satisfied the immunization requirements in whole, or in part, are urged to begin the immunization series by getting at least one dose of each of the six prescribed antigens before Aug. 30.
