Workshops

A NUMBER OF TRAINING SESSIONS will be held for adult volunteers in the Wyoming Valley area, of Penn's Woods Girl Scout Council during the Winter and Spring of 1984, according to an announcement by Betty J. Ford, Director of Membership Services. Similar courses are offered in many regions of the Penn's Woods Council's six county jurisdiction.

The training sessions prepare Girl Scout adult volunteers to lead and conduct activities in a group setting. They also offer adults the freedom and opportunity to expand their personal development and education.

Workshops are conducted by trained and recognized Volunteer Council Trainers, council staff and skill specialists and consultants.

Registered Girl Scout volunteers and non-members are welcome to

attend any of the workshops. To register for a training session or to obtain more information about Girl Scout training, contact Penn's Woods Girl Scout Council at 10 S. Sherman St., Wilkes-Barre or call 829-2631.

Clinics

The Office of Continuing Education at Luzerne County Community College will offer a six-week training program for Geriatric Nursing Assistants.

The program, which will begin on Tuesday, Jan. 17 and run through Monday, Feb. 27, has been developed in response to a national awareness to upgrade the quality of care provided to geriatric patients in nursing homes, boarding homes, and in private dwellings.

The training program will include both classroom instruction and clinical experience in a local nursing home. Students will attend classroom study on Tuesdays and Thursdays, from 9 a.m. to 2:30 p.m. at the college campus in Nanticoke; and on Mondays, Wednesdays and Fridays will spend five hours of clinical training in a local nursing home.

For further information on the Geriatric Nursing Assistant Program at Luzerne County Community College contact the Office of Continuing Education, 829-7482. The class will be filled on a first come, first served basis.

THE LUZERNE-WYOMING COUNTY MH-MR CENTER is offering geriatric training programs for managers of apartments for the elderly. These educational programs are part of a comprehensive Geriatric Counseling Services Program coordinated by the MH-MR County Administrator's Office.

The training includes MH-MR legislation and services; the referral process; life cycle theories; medical and emotional aspects of aging; death and dying; and stress management. Goals for the training focus on helping the apartment manager become more sensitive to behavior patterns in their residents so that counseling services can be offered before a crisis situation emerges.

Four-part programs have been given to public and private apartment managers in the Wilkes-Barre, West Side and Back Mountain areas. If there are any managers in these areas who have not participated in the Geriatric Training Programs, contact Candice Mamary or Madeline Branas of the Luzerne-Wyoming County Mental Health-Mental Retardation Center at 825-9562.
