

SPRING HOME IMPROVEMENT

FEB'84

THE ELEGANT WAY TO RENEW old bathtub-alcove walls yourself is with the Pronto! bathtub wall kit. Designed of copolymer plastic sheathed with durable sparkling acrylic, it has a molded-in soap dish and two shampoo trays. The panels of this five-piece kit can be easily installed over ceramic tile or many other wall surfaces. It fits bathtub alcoves up to 62" wide and 31 1/2" deep. Its three lustrous, fast-colors match most bathtubs: white, gold, and almond. For more information, contact Plaskolite, Inc., 1770 Joyce Avenue, Box 1497, Columbus, Ohio 43216.

You Can Have Your Own Spa!

Now you can enjoy luxury and relaxation - anytime and anywhere - in a personal portable spa from Kohler Co., the leading manufacturer of plumbing and specialty products.

Named the Invitation Spa and the Harmony Spa, they can be moved indoors or out with relative ease in response to changing seasons or to the user's changing needs. Should you move, the spa may be taken along.

The two new units require no permanent plumbing installation. Instead, the user simply fills the spa with water from a garden hose and plugs the spa into any 20-amp household electrical outlet.

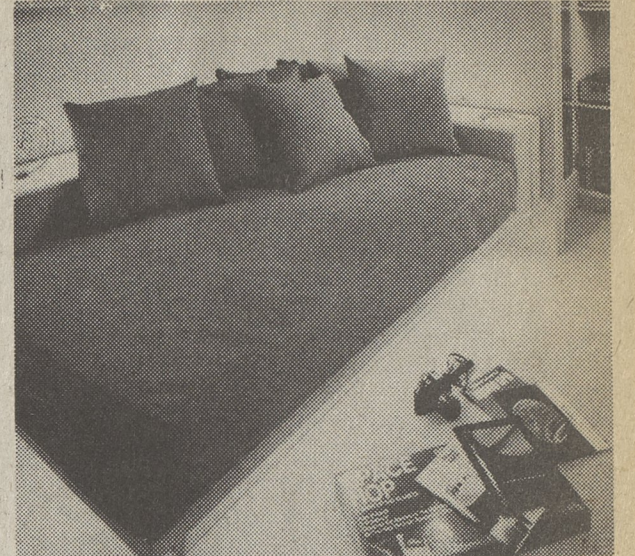

The new spas have dual element heaters which quickly and efficiently bring the water to the temperature set by the user on the sensitive dial thermostat. A built-in

flow switch prevents the heater from running without water in the spa and a high-limit switch prevents overheating of the heater element.

The user depresses the air-activated controls on the convenient console, and warm currents of water flow from the four adjustable whirlpool jets to create a swirling water action. The whirlpool effect is further enhanced by thousands of air bubbles generated through channels in the seat and well. The spa can also be operated with the whirlpool alone or with the air blower alone which creates a soothing "bubble massage" effect.

A built-in color-coded thermometer is conveniently placed and easy to read.

Both the Harmony Spa and the Invitation Spa are made of durable acrylic.

SLEEP PLATFORM SEEMS TO FLOAT above lights recessed in base. Sueded Naugahyde in camel brown covers platform and pillows. Naugahyde fits a casual, feet-on-the-furniture lifestyle because it resists tears and scuffing. Wall-hung shelves make good use of vertical space for storage.

ELECTRIC BILLS TOO HIGH?
As seen on TV - Install "SAFEGUARD™" Program your electric hot water heater. Save up to \$35 a month on your electric bill.
