## Screenings

**TWENTY AREA PHARMACIES** are among 250 pharmacies statewide offering free blood pressure checkups during "Pharmacy Blood Pressure Screening Week," this week.

Rea & Derick, 16 Church St., Dallas will conduct the checkups on Saturday, May 5 from 10 a.m. to 2 p.m.

These pharmacies will offer this service to encourage adults to have their blood pressure checked. Since they usually have no warning signs, the only way to tell if blood pressure is high is to have it measured by trained technicians.

Pharmacy Week launches month-long activities to increase public awareness about high blood pressure and ways to control it. Undetected or uncontrolled, the cooperating agencies say, high blood pressure can lead to heart attack, stroke, or kidney disease.
