(1)DSP 050-This course is designed for people with absolutely no math background who feel that they cannot handle even the most basic college math course. It will prepare students to take the MAT 101 Course.

(2)DSP 060-It should be noted that the DSP 060 is the only basic Algebra course offered at Luzerne County Community College. For those individuals who need MAT 105 or any other advanced Algebra and do not have an adequate Algebra background or for those who have been away from school for a number of years and need to brush up on Algebra, this is the recommended course. Students registering for this course should have an adequate background in basic mathematics. It should be also noted that the credits gained through completing this course cannot be utilized for degree purposes. It is suggested that students interested in this course make an appointment to be pre-tested by calling 829-7406.
