Austin and Clancy

Lehman wrestlers make their marks at State tourney

By JOHN RODGERS
Staff Correspondent

Two Lake-Lehman wrestlers made their presence known at the State Wrestling Tournament this past weekend. Coming in the likes of Jeff Austin and Norm Clancy who finished fifth and sixth in their respective weight classes.

Austin lost his bid for the gold in a heartbreaking 4-3 decision to Bob Simpson of Warrior Run. The match, however, did have a bit of controversy.

With Austin leading 3-2 and under a minute remaining, he was caught in a reversal which seemed to take place out of bounds, which accounted for the final 4-3 score.

Seemingly even Coach Ladamus saw it differently. Although not complaining, Ladamus said, "I felt they were out of bounds, the refer saw it differently however, and Jeff lost."

In Jeff's next match, he faced his season's nemesis Chris Ackerman, who defeated him (Austin) in the Regionals a week earlier where he fell, 3-2.

Austin, only a junior, finished his season at 29-4-1.

Teammate Norm Clancy fell shortly after to Mercyhurst's Kevin Pastweka 4-2.

After a loss to Brian Beck of Greeville, Clancy came back to pound John Mashack of Tamaqua 10-0. Then he faced John Fidelbus of Salisbury who was undefeated and lost 9-1.

Clancy finished his high school wrestling campaign with a 29-3 record. All his losses were in state competition.

JEFF AUSTIN

Finished fifth in the 98 pound weight class during this weekend's State Wrestling finals held in Hershey.

NORMAN CLANCY

Took a sixth place in the 132 pound weight class during this weekend's State Wrestling finals held in Hershey.

Congratulations, Knights!

Dallas soccer team plans Scotland trip

By CHARLOT M. DENMON
Staff Correspondent

"And we'll be in Scotland afore ya" may well be the song 30 players from Dallas High School will be singing from now until August, 1986, if all goes as planned.

Parents and other interested volunteers have started making plans to take 30 members of the senior high school team to Glasgow, Scotland, in 1986. In order to make this trip as economically possible for all involved, they are setting up a schedule of events to raise \$30,000 in the next 18 months.

Mrs. David Morris and Mrs. Robert Richardson are co-chairpersons of the Scotland trip and the overall fundraising activities and these two women are working very closely with Gerald Stinson, senior high athletic director, and John McCafferty, high school soccer coach, to make certain all details are done according to P.I.A.A. guidelines.

"We have received a great deal of help from both Mr. Stinson and Mr. McCafferty," said Carole Morris. "They advise us what the boys can and cannot do and we follow their advice closely since we do not want to do anything which conflicts with the P.I.A.A."

"Thirty boys and 17 adults will go on the trip in August, 1986," she added. "In order for the boys to be eligible they must be a member of the varsity and have been on the team for at least two years. They must also assist with at least two thirds of the fundraisings in some capacity."

To-date, three fund-raising events have been scheduled. The first, a soccer clinic for players ages six through 11 years, is presently underway at the school. Carole Morris and Sandra Richardson are co-chairpersons of the clinic and McCafferty is coordinator of the various age groups. The clinic, which began Feb. 28 will run through April 3, every Thursday and Friday night from 6 to 9 p.m., with the exception of the final session which is Wednesday night.

There are three sessions each night, the first from 6 to 7 p.m. for students six and seven years of age; the second from 7 to 8 p.m., for children eight and nine, and the third, 8 to 9 p.m., for children 10 and 11 years of age. Those participating are taught basic skills of soccer and have short scrimmages among others in their age group. There are between 240-250 enrolled in the clinic. The registration fee is \$10.00 for which each child, in addition to instruction, is covered by insurance and will receive a tee shirt.

"A little bit of everything," chaired by JoAnn Hall and Beth Nardone, is a bazaar and modern version of a flea market, which will be held Saturday, April 20, 10 a.m. to 4 p.m., at the Dallas Senior High School gymnasium and auditorium.

The bazaar is making space available for antiques, arts and crafts, novelties, collectibles and will have the doors open at 8 a.m. for dealers to set up. Parents of the soccer players will serve lunch and also have a baked goods table throughout the day.

The co-chairpersons and committee members working with them are presently contacting antique dealers, artists, and other craftsmen to participate in the bazaar. Space rental is \$10.00 for eight foot square space and exhibitors or dealers must furnish their own tables. Spaces will be rented on a first come-first reserved basis. Those

persons needing more information may call 675-4566 or 696-1437.

A golf tournament will be held June 21 at Irem Temple Country Club. Chairmen of the tournament are David Morris, Joseph Maniskas and Donald Hopkins.

Kelly Tires FARM TIRES

Premium Front & Rear Tractor & Implement Tires for Tough Field Work

Delivery, installation, and field service, including calcium filling, available on farm tires for tractors and implements (front and rear). Top-quality farm tires — the right tires, at the right price, for every vehicle.

Extra strength Nylon, Aramid, or Polyester cord body to resist impacts and bruises. Self-cleaning, open-tread design. Deep, husky treads for non-skid traction in any soil. Tapered bead construction eliminates slippage on rim.

POWERMARK RADIAL

Available Sizes:

- 18.4R34-6
- 16.9R38-6
- 18.4R38-6
- 18.4R38-8
- 20.8R38-8

Rear Tractor Tire

- Maximum performance at a minimum price
- Aramid belts — stronger than steel
- Wide footprint for 21% more traction, boosted drawbar H.P.
- Nylon cord body plies for strength, flexibility and long life

Field Hazard Warranty on Kelly Rear Tractor Tires

POWER MARK RT-2

- Rear Tractor Tire
- Deep shoulder cleats for better bite
- Tough tread stock from bead to bead
- Strong, heat tempered polyester cord body
- Like multi-plow performance at single plow cost

A tire for every tractor!

POWER GLIDE RIB

3-Rib Design Front Farm Tire

- 3-Rib Design - 13 sizes
- Strong all-nylon cord body
- Deeper non-skid grooves
- High center rib for positive steering

POWER GLIDE RIB

- 4-Rib Design Front Farm Tire
- 4-Rib Design - 4 sizes
- For larger, more powerful tractors
- Improved stability and turning in the field and on the road

SUPER HI-RIB

Front Farm Tire

- Strong all-nylon cord construction
- High center rib for positive steering
- Deeper non-skid gives better bite in loose soil
- Compared to the original Super Hi-Rib
- Available in 7 sizes

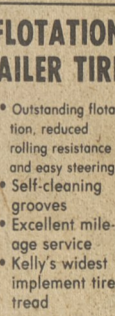

MULTI-RIB IMPLEMENT

- For front tractor wheels and free rolling implements
- Wide rounded tread with nylon cord body

HI-FLOTATION TRAILER TIRE

- Outstanding flotation, reduced rolling resistance and easy steering
- Self-cleaning grooves
- Excellent mileage service
- Kelly's widest implement tire tread

Jack Williams stocks a complete line of **Farm Batteries** for Tractors, Trucks, and other Vehicles and Farm Equipment.
