## Fair chairmen named

Edward Wodaski, left, of Dallas and Raymond Hillman, Lake Silkworth, were recently appointed as co-chairman and chairman, respectively, for the 1985 Luzerne County Fair.

The Luzerne County Fair is held annually in September and is sponsored by the Dallas Area Fall Fair Association to fund various medical and recreational programs for the Back Mountain communities.

He is presently serving his second term as president of the Dallas Area Fall Fair Association (DAFFA) and is a member of the Dallas Area Medical Center, Inc., sponsored by Nesbitt Memorial Hospital. Wodaski will serve his second year as co-chairman of the annual fall fair.

## Weis Markets host Pennsylvania growers

Over 150 Pennsylvania fruit and vegetable growers were guests of Weis Markets at an annual dinner meeting held Monday, March 25, at the Country Cupboard Restaurant in Union County.

The growers who are all participants in a Grower/Distributor group, Pennsylvania Farmers who grow and sell all or part of their crops to Weis Markets, were commended for helping make 1984 a year of progress for agriculture in Pennsylvania.

The Weis Market support of agriculture began out of a genuine concern for the well being of the family farm within the Commonwealth. This commitment to agriculture was pioneered by Sigfried Weis, President of Weis Markets, in an effort to benefit the local farming community and to provide Weis customers with the freshest product possible.

George Michalak, Vice President for Weis Markets, was joined at the meeting by Pennsylvania officials and legislators in reviewing the efforts in agriculture during the past year.

Deputy Secretary of Agriculture, E. Chester Heim, told growers that agriculture continues to be Pennsylvania's number one industry, employing a million Pennsylvanians with farm receipts totaling more than \$3 billion annually. Also, he added, Pennsylvania's fine family of farmers, who represent our proud heritage, are today's most valuable resource.

Other featured speakers included U.S. Congressman, George Gekas and House Representative Merle Phillips.

The purchase of local products contributes to the strength of our States economy, providing a

broader tax base, and creating more jobs as well as providing consumers with fresh, quality products at Weis Markets.

Throughout the year, Weis Markets with the help of the growers and the Department of Agriculture participated in the promotion of Pennsylvania products. This effort, according to Deputy Secretary Heim, made a meaningful contribution to increasing customer awareness of the goods produced in the Commonwealth.

Last year, Weis Markets purchased a total value of \$60,426,157 of Pennsylvania Farm Fresh Products, an increase in value of more than \$5,000,000 over the previous year.
