

IGA Bankroll now up to \$2500

By JUDIE MATHERS
Staff Writer

Have you stopped into the local IGA Supermarket and gotten your bankroll card punched this week? If you didn't, you had better hurry in! If you did, this Saturday you may be the lucky recipient of \$2,500.00!

According to Don Magill, manager of the Dallas IGA, this Saturday at 4 p.m. just like every week, one name will be pulled from a large drum in the front of the store. If the person whose name is drawn has had their pink card punched, they will be entitled to the cash prize.

MaGill explained, "Each time there is a winner, we start the game over with \$100.00. If, at the end of the weekend, there has been no winner, we add another \$100.00 to the pot. This is the biggest amount we've ever accumulated. It's hard to believe we've gone 24 weeks without a winner!"

Years ago when Dallas IGA began its bankroll game, the names of everyone listed in the Dallas phone directory were put into the drum. Since then, many people moving into the area have added their names by registering to play.

Richard Kerns, left, assistant manager at the Dallas IGA; and Don Magill, Dallas IGA manager, stand with a sign advertising the grocery store chain's weekly bankroll game. This week's bankroll is up to a whopping \$2500.

Kathy Swick, who is in charge of the office in the store, has the

pleasure of announcing the winner. "I enlist the help of a youngster who has accompanied their mom or dad into the store to do the actual drawing," says Kathy. "The kids love it because IGA treats them to a free 1/2 gallon of ice cream for their efforts! If the person whose name

has been drawn is not present in the store, we attempt to reach them by telephone. If there's no answer, we keep trying until 10 a.m. Monday morning. If they haven't answered by that time or their card hasn't been punched for the week, we add \$100.00 to the pot."

"The people really like it," MaGill remarks. "The bigger the jackpot gets, the larger the crowd in the store on Saturday. Our biggest jackpot before was \$2,100, and the woman who won it was standing in line checking out her groceries! 80 to 90 percent of the people who play

are our customers and Back Mountain residents, and some of them who won't be home on Saturday stop in to leave a phone number where they can be reached. We even had one man who was going on a Florida vacation, come in and give us his number there!"

Following the assembly the portrait will be placed on display in the high school foyer where it will remain forever in honor of Gina and her achievements.

Administrators, faculty members and students are deeply pleased with the approval to place the portrait of Gina on display in

the school for although there have been other students portraits placed in the school they have been for achievements during their high school career and not for something done individually later in their lives.

Bridge to be repaired

By PAMELA AARON
Staff Correspondent

The Orchard Street Bridge is due to be renovated soon, according to Leo Corbett, Dallas Borough Engineer. Corbett's announcement was made at last Monday's Dallas Borough Council meeting.

Carl's Welding of Plymouth was awarded a contract in the amount of \$5,955.85 for the work, which includes repairs, a narrowing of the bridge and signs noting the changes. Dale and Dale Construction has applied to the Borough for a rezoning of parts of Luzerne Ave. where they plan to build several townhouse units. Decisions are pending.

The Old Water Company building is in need of repairs before renting, however, no bids have been accepted as yet. The building will be rented to Ken Chamberlain who will house a parts supply store there. The rental of the building will

be \$250 per month with a 12-month lease.

Further problems have arisen in the area of the amended trash burning ordinance, which bans outdoor burning on Mondays, Tuesdays and Thursdays. Michael Witek, presented a 32 person signed petition of complaint to the council at Tuesday's monthly meeting that attested to illegal burnings. Witek claimed a large fire had been set last Monday. Police Chief Ed Lyons said he issued a citation to the party involved in Monday's incident and has issued warnings to others. Chairman Harold Brobst said he felt that first offense warnings were reasonable.

In other business, Chris Purcell of 12 Marabee Drive has been hired as a part-time police officer. Purcell will train in August at the Wyoming Barracks at a cost of \$1,700; \$868 which will be paid by the borough. The balance is state funded.

"He is apparently claiming sovereign immunity," said the magistrate. Harvey set bail at \$771.00, double the fine and cost, and scheduled a hearing for Wednesday, May 1.

Myers told The Dallas Post that he has committed no crime. "They can't arrest me. I've committed no

crime. I was unlawfully seized without a warrant! I have constitutional rights but they don't know that. I have an International drivers license, but actually it is my constitutional right to drive without a license. Driving is a right - not a privilege!"

ANTOSH HEARING

A hearing for James Antosh of Wilkes-Barre that was scheduled before Magistrate Earl Gregory last week has been continued. The new date for the hearing has been set for May 2. Antosh was arrested by Dallas Township Police Officer John Appel and charged with D.U.I. on March 21.

John Brdaric of 230 Bunker Hill Road, Kingston Township, was found guilty by Magistrate Earl Gregory last week of violating Act 5, sections 1 and 2, an ordinance which restricts mining in an area zoned conservation or agricultural.

According to Gregory, Brdaric had applied to the Kingston Township Zoning Board for a zoning change and was denied. He is currently appealing the decision in a Court of Common Pleas.

This is the second time Brdaric had been brought before the Magistrate on charges of illegally excavating shale and removal of same. The first time he was found not guilty because there was no proof to indicate that he had actually hauled the shale from his property," said Gregory. "This time there was."

John Brdaric was fined \$50.00 plus court costs amounting to \$28.50.

A burglary occurred at the residence of Russell Williams in Fernbrook. The incident was discovered by his son on the morning of April 21. As yet, no inventory has been made of missing items. Township officer Elliott Ide investigated.

Earl Clark of Valley View Trailer Park reported that sometime between February 4 and April 19, someone entered his storage shed and removed various power tools. Mr. Clark told Chief Carl Miers, who investigated, that tools taken included a circular saw, four electric drills and a heavy duty vice for a total value of \$293.00.

According to Township officer Doug Lamoreux, two residences on Westminster Drive in Orchard View Terrace were damaged by vandalism on April 20. Ronald Selenski reported that at 10:28 he heard some noise outside his home. When he went outside to investigate, he discovered tires rolling down the street. They hit his mailbox, breaking off the post. When Officer Lamoreux arrived he discovered that the tires had continued on to the residence of Norman Hammer and had hit the Hammer's Volkswagen.

A township patrolman found an abandoned golf cart on April 21 at approximately 12:28 a.m. The cart was apparently stolen from Irem

Temple Country Club, and was found parked at the corner of Lower Demunds Road and Eddinger's Road.

The vehicle crossed over the west lane, off the berm, and crashed into a chain link fence surrounding the UGI power station for Offset. The impact caused severe damage to two transformers which supply power to the plant.

Nothoff was driving a '77 Plymouth owned by Carolyn Linney, 24, of RD 2, Tunkhannock. Linney, a passenger in the car, was taken to Nesbitt Hospital by Dallas Ambulance. Township police charged Nothoff for driving under the influence.
