Winners in the seventh grade were: First, David Zachary; second, Kerry Burke; third, Brett Gauntlett; fourth, Marcella Bove. Eight grade winners were: First, Tracey Michael; second, Jennifer Spear; third, Gregg Steuben; fourth, Gregg Steuben. Ninth grade winners were: First, and "Best in Show", Aric Gingo; second, Karsten Krivenko; third, Paul Wilk; and fourth, Wilbur Murdock. Instructors are Mrs. Nancy L. Hontz and Mr. Steve Kaschenbach. Shown here are, from left, seated, Tracey Michael, Karsten Krivenko, Kerry Burke, Jennifer Spear and Marcella Bove. Standing, Aric Gingo, Wilbur Murdock, Gregg Steuben, Brett Gauntlett, David Zachary and Paul Wilk.

Seminary contest

Seventh and eighth grade students at Wyoming Seminary Lower School, Forty Fort, recently participated in a Mathematics contest sponsored by the Pennsylvania Mathematics League. The Lower School eighth grade, competing against 406 schools in Pennsylvania, achieved scores to finish as the first place class in Luzerne County and seventh place overall in the state. Three of the eighth grade participants scored high enough to rank tied for second place in the County individual rankings. The seventh grade team also finished as the first place team in the Luzerne County team division, with one student ranked number two and three students ranked number three in the County's individual division. Those seventh and eighth grade students recognized are shown here. From left, Drew Lawrence, Kingston; John Aponick, Shavertown; Scott Moore, Shavertown; Michael Weaver, Dallas; Daniel Ko, Mountaintop; Snehil Amin, Laffin; and Catherine Melesky, Forty Fort.

PSU professors honored

Two Penn State Wilkes-Barre professors, John Kolesar and Robert Paranych, are among 18 members of the faculty of the Penn State College of Engineering who received awards for outstanding teaching, advising and research.

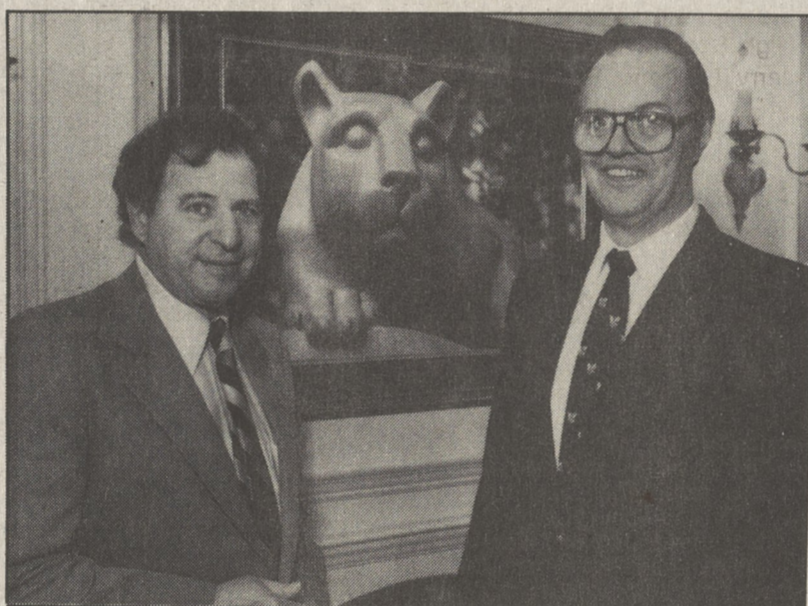

The awards are sponsored annually by the Penn State Engineering Society, the College's alumni organization.

John Kolesar, professor of general engineering was among six advisers in the entire Penn State system who were honored "for diligent service that might otherwise go unnoticed." He has taught at the Wilkes-Barre campus for 31 years and has been program chairman for highway engineering technology, railway engineering technology, and surveying technology. He has been active in alumni, fund raising, and strategic planning committees on the campus, and has served as senator at the University level for 10 years. A resident of Swoyersville, he has participated in many civic activities and was a member of the Luzerne County Board of Views and on the board of Accreditation for Bachelor of Engineering Technology throughout the country. In 1980, he received the Hayfield Award which is

presented by the Student Government Association of Penn State Wilkes-Barre to the outstanding instructor for the academic year.

Receiving the teaching award as a "truly memorable educator whose inspiration is never forgotten" was Robert S. Paranych, assistant professor of engineering at the Wilkes-Barre campus. Paranych, who has taught electrical engineering and physics at the local campus for 19 years, was recently rated the best engineering instructor on any of Penn State's 17 Commonwealth campuses located throughout the state. The rating was determined by a survey of 3,900 former 1982-83 engineering students at all campuses. Paranych has served as a faculty senator for eight years and is active in the Penn Mountain Council, Boy Scouts of America, both on the unit and district levels. Five other faculty members in the Penn State system also received the teaching award honors this year.

Recipient of the awards were presented with plaques and \$500 at a meeting this month of the College of Engineering faculty at University Park. Also, Paranych and Kolesar were honored at commencement ceremonies at the local campus.

Professors honored

Jack Kolesar, left, and Robert Paranych, engineering professors at Penn State Wilkes-Barre, were among 18 faculty members in the entire Penn State system's College of Engineering who won awards for advising and teaching excellence.

Seminary announces programs

Wyoming Seminary College Preparatory School, Kingston, has announced plans for a 1985 Summer School program. Ten courses will be offered during two three-week sessions. Session I will run June 10-28 and Session II July 8-26. Both sessions will conduct classes Monday through Friday for three hours per day.

Students presently enrolled in grades 7 to 11 in Wyoming Valley schools are eligible to register for any of the courses which include Session I - SAT Verbal Review, Introductory Typing, Basic Writing Workshop, Algebra I, and Arithmetic Review (Pre-Algebra). Session II - SAT Mathematics Review, Algebra II, Elementary Spanish, Elementary French and Introduction to Computers.

Course credit will not be offered except for Introduction to Computers where Wyoming Seminary Students who pass the course will receive credit towards fulfillment of graduation requirements.

Registration deadline for Session I classes is June 1 and Session II is July 1. Costs for the courses are \$150 for the first course and \$100 for each additional course.

For information on course content or registration, contact Wyoming Seminary's Academic Office 287-1126.

Tourney set

Continuing efforts to send the Dallas High School Soccer Team to Scotland in the summer of 1986 are now concentrated on a Golf Tournament to be held at the Irem Temple Country Club on June 21 beginning 2 p.m. Operating under the Calloway System, the tournament is open to all golfers and the entrance fee includes cart, green fees and dinner.

Area golfers are invited to play this beautiful course and compete for over \$600 in prizes. Trophies will also be awarded to low gross and low net golfers.

Reservations to participate in this tournament may be made by calling 696-1343.

Cavalari honored

Christine L. Cavalari, above left, daughter of Edward and Cheryl Cavalari, 203 Holly Street, Trucksville, recently received the Dallas Lioness book scholarship award. Christine plans to attend Lackawanna Jr. College and become a medical secretary. The Dallas Lioness Club gives a book scholarship award to a Dallas senior every year. Club president is Carol Tabor. Christine is shown here accepting the award from Grace McCue, scholarship chairman.
