LAST WEEK'S ANSWER

POLICE BLOTTER

KINGSTON TOWNSHIP
An estimated \$50 in cash and an unknown quantity of motorcycle accessories were stolen from the Russ Majors Cycle shop, 14 Hillside Rd., Route 309, Friday night, Kingston Township police report.

According to officer James Balcavage's police report, the thieves broke in from the rear of the building by smashing through a few cinderblocks. Kingston township police are continuing their investigation.

A blue girls' 10-speed bicycle was reported stolen from the home of Richard Dickson, 221 Maple street, Trucksville, on Monday June 10.

Kingston Township police chief Paul Sabol investigated and says he has the bike's registration number on file if anyone has information regarding the theft.

Board determines winners

The election board of Dallas Borough met Tuesday morning to determine those names that will appear on the ballot in November's General Election.

The names of Timothy Carroll, Donald Shaffer and Russell Stone, which appeared as write-in votes for seats on the Dallas Borough Council in May's Primary Election, will now appear on the General Election ballot.

Carroll, who collected 124 write-in votes, will be a candidate for both a four-year seat and a two-year seat as will Shaffer, who received 122 votes. Stone, who gathered 108 votes, will be a candidate for a two-year seat.

All three men are running unopposed on the Republican ticket.

Use caution during summer

Start your engines...but safely, please! With summer fun and summer chores come summer accidents and some are explosive. Fueling of boats, mowers, mini-bikes, go-carts, etc., requires caution.

Gasoline is a flammable liquid which vaporizes easily. Once vaporized, it can burn or explode easily.

Gasoline vapors are invisible and heavier than air. They float to the ground and travel along until they find a heat source and ignite.

Blue Cross approves credits

Rate credits amounting to 8 percent of current billing for group and a one month forgiveness for non-group-enrolled subscribers of Blue Cross of Northeastern Pennsylvania have been approved by the Pennsylvania Insurance Department, according to Gilbert D. Tough, president and chief executive officer of the regional hospital service organization.

The newest Blue Cross rate adjustments, which will be processed as rate credits, will be applied to experience and community-rated group billings, effective July 1, for a period of one year.

Nongroup subscribers will receive a one-third reduction of their billing for the quarterly period, effective October 1.

For group-enrolled subscribers, the approximate monthly rate reductions will amount to the following: \$3 for individual coverage; \$7.50 for family; \$5, parent and child(ren). The non-group subscribers will receive monthly rate credits for the following categories: \$19 for individual coverage; \$37.55 for family; \$24.50, parent and child(ren).

Tough noted that the upcoming rate adjustments, both of which are based on variables that reflect changing utilization costs, represent significant savings. He attributed the favorable savings trend to the shortened hospital inpatient length of stay and other utilization declines, all of which were made possible through the ongoing cooperation of Blue Cross subscribers, their doctors and area hospitals.

He added, "Blue Cross of Northeastern Pennsylvania's commitment to its subscribers hasn't changed after nearly 47 years of providing health care services at the lowest possible cost. Historically, when savings are realized, the beneficiaries of these savings rightfully are our subscribers. We are gratified that these additional savings are being returned to our subscribers whose confidence has helped strengthen our overall cost containment program."

Three previous rate adjustments, announced by Blue Cross of Northeastern Pennsylvania within the past 12 months, have included a rate credit amounting to 6 percent for group-enrolled subscribers, effective February 1, 1985; another rate credit of 6 percent for non-group subscribers, effective July 1, 1984; and a one-time rate credit of two-thirds of the July-August-September, 1985, quarterly billing for Blue Cross 65-Special subscribers.
