# Dallas on lookout for Comets

By CHARLOT M. DENMON Staff Correspondent

Dallas girls' field hockey coach Robyn Jones goes into this season knowing Crestwood is the team to beat

in Division AA of the Wyoming Valley Conference. "They lost Diane Madl, but they're loaded with returning players with experience and they have Elvetta Gemski, who is a great coach. I'm glad we're playing them at the beginning of the season," said

Jones also has a lot of returning players. She lost only one senior last year in Jill Radzinski. She has 14 lettermen returning, all with a lot of playing experience and all anxious to follow in Radzinski's footsteps. Among those 14 lettermen are six seniors, Co-captains Linda King and Kim Rinehimer, Diane Chismer,

Courtney Dick, Cheryl Harding and Karen Wall. There are 30 girls on this year's team and Coach Jones has depth. "I have a good bench," said Jones. "I'll be able to use a rotating defense. In most positions one girl is as good as the other. We have a strong nucleus. This season we have the potential to be explosive."

Jones has so many girls who had experience last season that they should be as successful, if not moreso, than last year.

Some of the starters have not been determined, but to date it appears for the first game with Crestwood it will be left wing, Leigh Pawling or Kristen Dougherty left inside, Linda King; right inside Stephanie Michael, Erin or Shannon Cleary; right wing, Lori Warnecka; right and left links, Maureen Wisniewski, Diane Chismer or Erin Cleary; left halfback, Renee Balberchak; inner halfbck, Heidi Scholtz; right halfback. Kim Rinehimer or Shauna Griffin; sweeper, Lori Ogurkis, Joyce Tinner; and goalie, Karen Wall.

Coach Jones also pointed out that Wyoming Seminary is always a strong team in the league and will be one to reckon with, just as Abington Heights, who will

Two freshmen have moved up to the varsity this year. They are Tracy Hunter and Susan Wells. Assisting Coach Jones is Kim Kretchmer, a Dallas

graduate and a former hockey player at Dallas. Coach Jean Lipski at Lake-Lehman lost a lot of good players through graduation and it will be difficult to replace them, but she has a nucleus of six returning

"They're a very enthusiastic group and their teamwork is good. I've had to change our system to fit the girls and that takes some getting used to but they are working well together. Our kids are determined and they're in good physical condition. We'll be contenders," said Coach Lipski.

Coach Lipski said the girls who graduated are good role models for the team. "They have left hockey legacy behind them nd my girls this year want to

follow in their footsteps."

Cindy Slocum will be goalie again this year with Kim Kozlowski as backup. Susie Slocum will be forward and so will Deanna Knorr. Kelly Wandel will be at midfield and Colleen Corbett will be calling the game. Other starters will probably be Sue DeGennaro, Cheri Cross, Noelle Kuznicki, Janene Kasarda, Diane Jachimowicz, Molly Boyle and Dawn Smith.

Coach Lipski has 34 girls on the squad and says it's difficult to find a starting lineup since they are vying

so intensely for the positions. Lake-Lehman, like Dallas, will be in Division AA

with GAR, Bishop O'Reilly, Wyoming Seminary, Crestwood, Meyers, Wyoming Valley West and North-"Dallas has to be strong," said Lipski, "They were right on our heels last season and they only lost one

player. Wyoming Seminary is now in the PIAA and they have a history of good hockey. They start in about third grade and they are more experienced. Crestwood is always good and will be as long as they have Elvetta Gemski. She is a tremendous coach." Lipski has one freshman who moved up to varsity

this season-Juli Smith. Assistant coach is Lynn Coury who has an excellent

rapport with the girls.

## POLICE BLOT

A Wilkes-Barre woman was treated for minor cuts and bruises Sunday afternoon after ramming her car into the rear of another vehicle which caused a third motorist to be hit from behind at the intersection of Routes 309 and 415,

Treated and released at Nesbitt Memorial Hospital was Penny O'Donnell of 305 Wyoming Street, Wilkes-Barre.

According to Kingston Township Police, O'Donnell was traveling North on 309 in the right-hand land nearing the right-hand curve breaking off onto route 415, when she turned over to the passing lane and suddenly noticed a log-jam of cars. O'Donnell was unable to stop and slammed into the rear-end of Barbara Lastovica's car of 13 South Lehigh street, Shavertown.

The impact of O'Donnell colliding with the Lastovica car forced Lastovica to slam into the rear of a third car owned by Joseph Lanunziatta of 2100 North Main street, Wilkes-Barre. Lanunziatta's car sustained very little damage, the police report indicates.

Kingston township police officer Joseph Bren investigated and reported no serious injuries.

A Dallas woman was arrested for Driving While under the Influence

of alcohol (DUI) Saturday afternoon after the car she was driving smashed into the rear of a motorist on Main street and then plowed into a private driveway, Kingston Township police report.

Charged with DUI was Regina Hazeltine of 279 West Center Hill Road, Dallas. Hazeltine was taken to Wilkes-Barre General Hospital by Kingston Township patrolmen Michael Moravec and Walter Davis, where a Blood Alcohol Content test

was administered. According to the police report, Hazeltine was traveling north on Main street, near Yesterday's Restaurant, when she hit the rear-end of Cindy Pensak's car of 183 Joseph Drive, Kingston.

After hitting the Pensak vehicle, Hazeltine reportedly continued down the road where she drove her car into a private drive.

A vehicle operated by Robert Orlando of 11 Oak Street, West Wyoming, skidded off Sutton Road and slammed into a tree last Wednesday afternoon, Kingston Township police reported.

At approximately 3:30 p.m., Orlando, who was traveling east on Sutton Road, lost control of his car and left the road before slidding into a tree some 70 feet after he left the road.

No serious injuries were reported but there was significant damage to the rear end of Orlando's vehicle after hitting the tree sideways.

Four vehicles were involved in an accident near the Church Road intersection last Wednesday when

one car slammed into the rear of another resulting in a chair-reaction, Kingston Township police said.

Police say David Myerski of 316 Hillside Avenue, Edwardsville, was traveling south on Hillside Road

approaching the Church street intersection, when he noticed a line of cars stopped infront of his vehicle.

Myerski said he tried to stop but could not and slammed into the rear of Ronald Pollard's car of 221 Delaware Avenue, West Pittston.

Pollard's car then slammed into Michael MaGuire's vehicle of 15 Susquehanna Avenue, Forty-Fort. MaGuire's car also slammed into the rear of Colette Zellock's car of 298 Button Wood Steet, Larksville.

No serious injuries were reported by Kingston Township patrolman Gary Beisel and no charges were
