Tips for holiday mailing

For those with relatives in the armed services stationed overseas, and those who wish to mail holiday greetings and packages to others living in foreign countries, now is the time to plan for holiday mailings, according to the U.S. Postal Service.

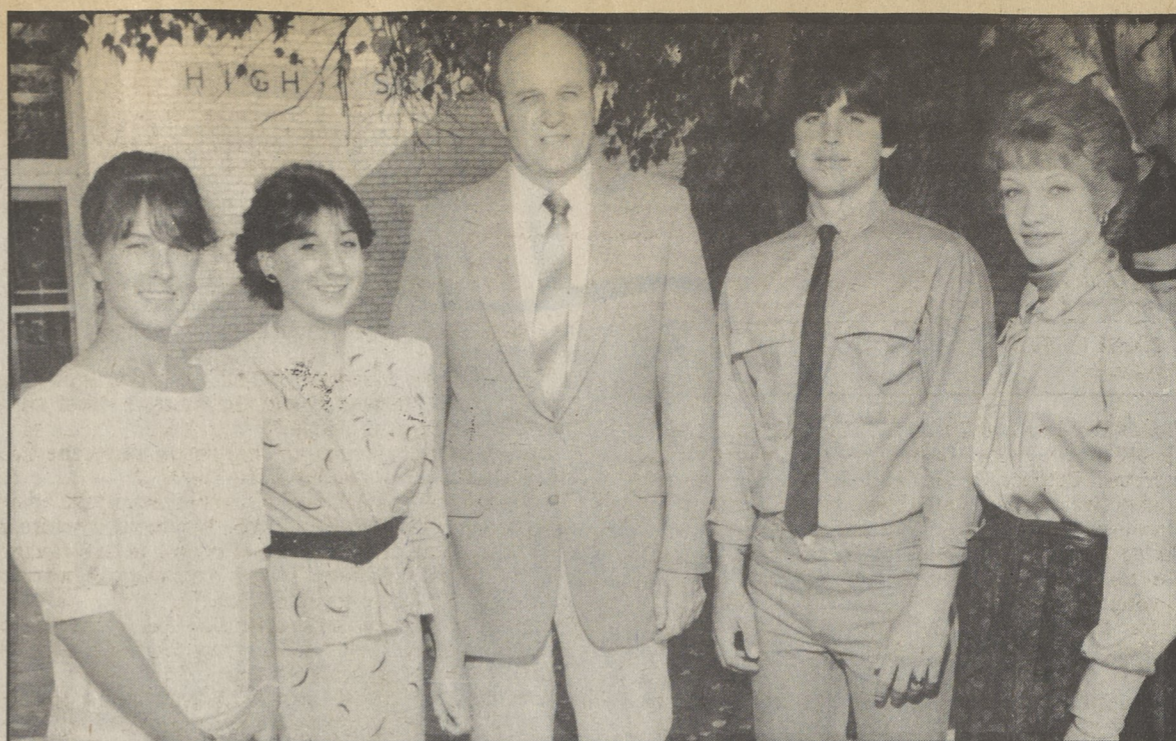

Parcels sent to military personnel in Australia, the Far East and Southeast Asia have to be mailed by October 18 if shipped by surface mail, the least expensive form of shipment.

November is the month when most parcels shipped via Parcel Airlift Mail (PAL) should be sent. PAL packages are airlifted domestically to a gateway facility, then airlifted on a space available basis from the gateway to the APO (Army or Air Force Post Office).

Parcels up to 30 pounds and 60 inches in combined length and girth may be sent by PAL. Mailers pay the regular Parcel Post rate to the U.S. exit port or from the port of entry plus a fee for air service. The air service fee is 30 cents for parcels weighing two pounds or less, 60 cents for two to three pounds, 90 cents for three to four pounds, and \$1.20 for four to 30 pounds.

November mailers can also ship military parcels by Space Available Mail (SAM). Items shipped by SAM are transported by surface means in the contiguous 48 states and flown on a space available basis from the U.S. to the overseas destination or from the overseas destination to the U.S. Packages up to 15 pounds and 60 inches in combined length and girth may be sent by SAM for regular Parcel Post rates to the U.S. exit port or from the U.S. port of entry.

When mailed from a military post office outside the 48 contiguous states, the weight of any piece cannot be more than 70 pounds and the size cannot exceed 100 inches in length and girth combined.

A TRUCKSVILLE MAN and a Tunkhannock motorist were

involved in a collision last Wednesday afternoon at the traffic lighted intersection of Route 309 and Carverton Road, Kingston Township police reported Monday.

Involved in the accident were Eugene Daniels of 221 Skyline Drive, Trucksville and Jerry Haas of Rd 5 Tunkhannock. No injuries were reported.

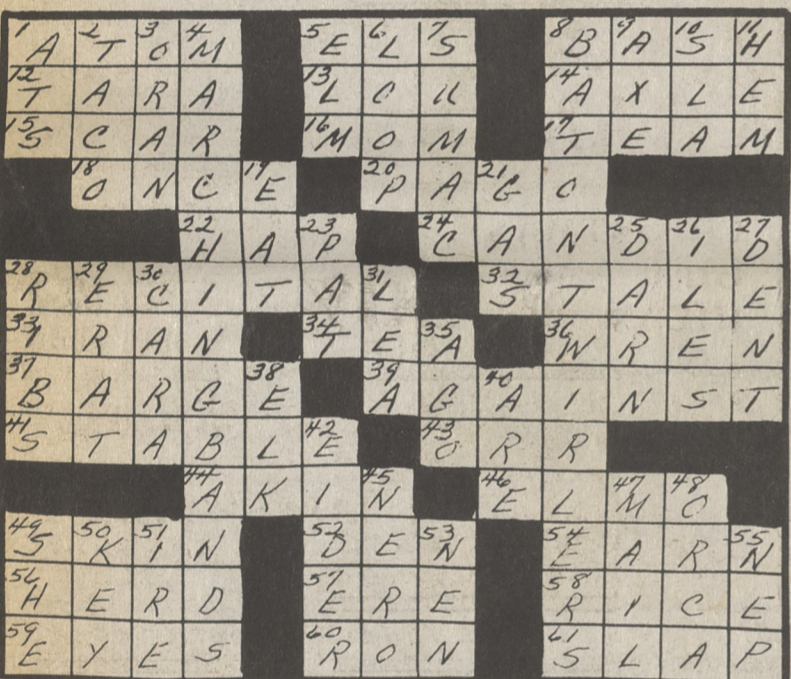

Kingston Township patrolman Joseph Bren reported that Daniels was traveling south along Route 309 in the left lane at the traffic light and he turned left to go onto Carverton Road when Haas slammed into the right rear of Daniel's car.

Daniels reportedly was three quarters across Route 309 when Haas collided with the Daniels vehicle.

Haas told police he was approaching the intersection in the north-bound lane of Route 309 when he saw Daniels making the lefthand turn onto Carverton Road. Haas said he applied his brakes and skidded approximately 60 feet before colliding with the Daniels vehicle.

Daniels' vehicle spun around and then slammed into a guardrail near the intersection. Patrolman Bren reported no serious injuries and no charges were filed as both drivers had a green light to negotiate.

The incident occurred over the Labor Day weekend when unknown vandals uprooted 23 American flags from veterans graves and stacked them in a pile and burned them.

In addition to the burned flags, the vandals also uprooted a row of flowers near a "Last Supper" monument within the cemetery. The vandals also smashed a concrete bench.

Post 672 Commander, Ed Lyons, who is also the police chief of Dallas Borough, said Monday, "Our position is very strong against this kind of thing. We will pay the \$100 out to anyone who gives information leading to a conviction, not just rumors."
