

# Dr. Aicher will head auctioneers

DR. D. CRAIG AICHER

The 40th annual Back Mountain Memorial Library Auction will be held from Wednesday through Sunday, July 9 through July 13 on the auction grounds behind the new library on Huntsville Road.

Dr. D. Craig Aicher will once again be chairman of the auctioneers.

Through the years, the auction committee has been fortunate to have some very good and dedicated auctioneers. Craig does a super job rounding these auctioneers up and scheduling them in a time slot for their performance. He is always looking for new auctioneer faces willing to tackle the challenge. Call the library with your name and phone number if you would like to be an auctioneer.

The antiques committee has on display in the main lobby of the library some of the items ready for the auction. There is an oak buffet with mirror and a china closet filled with antique items including a blue quilted satin glass vase and a yellow satin glass vase donated by Homer Moyer. There are Madame Alexander dolls and a Shirley Temple mug. There is also a prize white wicker with oak top library table on display.

# Burning warning issued

Residents of Kingston Township are reminded that a township ordinance expressly prohibits the burning of leaves, branches and lawn clippings in gutters along the township roadways. Burning in the asphalt gutters weakens the pavement structure and causes the gutters to deteriorate rapidly. Each year the township Road Department allocates time for a leaf collection throughout the township. Residents are advised that leaf collection for this year will be conducted the early part of November.

Township residents are also reminded that the open burning of

wood, tree branches, tree leaves, paper or yard trimmings require a township Burning Permit. Only one open fire is allowed with each permit. The fire must be controlled at all times and adequate precautionary measures must be taken by the property owner. Burning is permitted from dusk to dawn daily, with the exception of Sunday when no open burning is allowed.

Burning permits may be obtained at the Kingston Township Administrative Office, 11 Carverton Road, Monday through Friday between the hours of 8:30 a.m. and 4:30 p.m.

# Junked vehicles to be removed

The Kingston Township Police Department will begin its canvass of the township this week in an effort to crack down on junked

vehicles. According to Chief Sabol, officers will be primarily looking for a current registration and inspection.

# For first time, Cardinal speaks to grads

By JEAN HILLARD  
Staff Correspondent

Cardinal Bernardin, Archbishop of Chicago, gave the commencement address to College Misericordia graduates on Saturday afternoon. Under sunny skies and pleasant weather conditions, the Misericordia class of 1986 had the distinct pleasure of being the first college ever in Eastern Pennsylvania to have a Cardinal as their guest speaker.

The Archbishop was born in Columbia, South Carolina, attended both public and catholic schools. He studied at St. Mary's College, St. Mary, Kentucky; St. Mary's Seminary, Baltimore, and the Catholic University of America in Washington, D.C.

He was ordained into the priesthood by Bishop Russell in St. Joseph Church, Columbia. Having spent 14 years in the Diocese of Charleston, the Cardinal served under four bishops in various capacities.

In 1966, Msgr. Bernardin was appointed Auxiliary Bishop of Atlanta by Pope Paul VI. In 1972, he

received the appointment of Archbishop of Cincinnati by Pope Paul VI. In July 1982, he was appointed by Pope John Paul II as Archbishop of Chicago. On January 5, 1983, Pope John Paul II announced Archbishop Bernardin's elevation to the Sacred College of Cardinals.

Cardinal Bernardin served as chairman on several boards over the years and in many capacities of the church. In November 1983, the Cardinal received the Albert Einstein Foundation Peace Prize recognizing his NCCB War and peace efforts. The prize of \$50,000 was given by the Cardinal to the NCCB for the implementation of the Pastoral Letter.

Cardinal Bernardin developed the Pastoral Letter and has a great interest in the nuclear issue. He stated the church does not take a position on nuclear energy, but he feels "it's acceptable depending on the safety of the program." To him, the people's safety is a number one issue.

When asked if he agreed with President Reagan's stand on the Libya crisis he replied, "The problem of terrorism must be con-

fronted, I feel a non-violent position should be taken, however, that's not always possible. A solution should be sought in non-violent ways. I have serious reservations about the use of violence, I am not saying I agree or disagree, however, I understand the position that the President took, but I am in a questionable mood about it."

The Cardinal would like to see all world problems solved in a unified way where all leaders worked

together for peace. In addressing the students he referred to the Bible verse John 13:35 which states "This is how all will know you for my disciples: Your love for one another."

Love, brotherly love, was pointed out several times by the Cardinal in his message and he challenged the students to share his dreams and his vision to work together to build a new creation.

# Property transfers

The following Back Mountain properties have transferred ownership during the past week:

Eastern Earth Boring and Equipment Co., Inc., to Roxanne and Edmund Pish, ux, RD 3, Box 99, Humlock Creek, Property - Lake Township.
