Postmaster seeks help

warmer weather, Dallas Postmaster Thomas Bly has asked dog owners to help protect letter carriers, utility workers and other citizens from the dangers of dog bites.

The Postmaster said that, nationally, more than 5000 letter carriers were bitten by dogs last year. Bly Honda 200X ATV Three Wheeler. Best offer. Call added that those statistics included injuries to 2 of Dallas' letter carriers.

> "In recent years, the public has responded to our plea to keep their pets restrained, and we have seen a decline in bites nationally," Bly "Nevertheless, said.

With the arrival of much is still to be done to eliminate the hazard to our employ-

ees and other citizens

who might be bitten."

Bly said that all dogs are territorial by nature, and even the most gentle pet will bite if it feels its domain is threatened by the presence of a carrier or other person. "With a little care, a pet owner can not only protect our carriers, but his or her pet and pocket-book too," he said.

Postmaster Bly stressed that the Postal Service protects its carriers from dog bite hazards. Among remedies in situations when a pet owner fails to restrain a dog is interruption of home delivery to the residence or in some cases, to entire neighborhoods. The Postal Service will also seek to recover worker's compensation damages and provides counseling to carriers who have been bitten and who wish to seek legal action against the dog owners.

"We suggest that pets be kept away from the mailbox and areas the letter carrier uses for access to the property," he said. "If the pet cannot be kept behind a secure fence, the owner should restrain it with a secure leash or tether or at least

keep the pet inside
