(Continued from page 1)

Miers into another room, but Tupper tossed a cup of coffee into Kelly's face and forced him against the wall. The two officers began scuffling with Kelly when a number of shots were discharged, striking the two officers.

Meanwhile, Phyllis Walter, a dispatcher who was also present at the time, wisely flicked on the police radio, alerting surrounding police units to the incident and allowing them to respond within minutes.

Miers was listed in fair condition

at the Wilkes-Barre General Hospital following a wound to the thigh, while Tupper, who underwent surgery on Monday, was struck in the right thigh and left ankle. He is also listed in fair condition.

Kelly was also taken to the hospital for treatment for a cut to the head and discharged at 7:10 a.m. Saturday morning. He was immediately placed under arrest by officers Doug Lamoreux of Dallas Township, Ronald Spock of Harveys Lake and Tropper William Getley of Wyoming Barracks.

Kelly was reportedly to have said at that time, "I went there (to the

police station) and told them I wanted that --- Carl Miers." Kelly said that Miers and officer Elliot Ide "ruined my life."

On March 11, 1985, both Miers and Ide were involved in the arrest of Kelly who was cited for driving under the influence of alcohol after his Chevy Truck rammed into a Mercedes parked along Lake Catalpa Road, which in turn pushed into a Cadillac that was also stationary.

Kelly was subsequently arrested by Ide and taken to the Dallas Township Municipal Building for processing. He was then transferred to the Kingston Township Municipal Building by Ide and Chief Miers for a breathalyzer test. The reading taken was .208, but the mark failed to print out on the machine. He was then taken back to the Dallas Township building where Miers administered a field test.

On September 3 of 1985, Kelly was placed on Accelerated Rehabilitation Disposition (ARD), a program that allows the defendants' criminal record to be cleared if he successfully completes the program. His driver's license was also suspended for five months.

Friends reportedly said the incident bothered Kelly for some time, but public record shows that it was not the first time Kelly had had a run-in with Dallas Township officers.

In December of 1969, Miers was summoned to the then Hozy-K tavern on Main Street in Dallas to help subdue a group of individuals who allegedly kicked and pummeled automobiles and shouted obscenities at passing motorists. Described as "meek as lambs when they were alone," the bunch often became rowdy and uncontrollable

when together.

When Miers arrived, he arrested one of the individuals, but Kelly intervened saying "nobody is going anywhere." Kelly then grabbed Miers' arm and pushed the arrested person away before striking Miers in the stomach and breaking his glasses.

Miers managed to pin Kelly to the ground when other members of the gang came to his (Kelly's) rescue, stomping on Miers' hand and nightstick and kicking snow in his face. Miers finally pulled his revolver and placed the group under arrest.

Kelly was later arraigned before Leonard Harvey and charged with disturbing the peace, disorderly conduct, resisting arrest and assault and battery. Bail was set at \$2,000, the highest of any of the individuals involved.

Kelly's preliminary hearing for Saturday's incident is scheduled for June 16 at 1 p.m. before District Justice Earl Gregory of Shavertown.

**Water**

(Continued from page 1)

The problem returned when Ide departed and, to make matters worse, residents recently received a letter from the Dallas Water Company, who purchased the operation from Robbins Door and Sash Co. in October, stating that their yearly rate will double, retroactive to May 1, 1986. Residents currently pay \$15 every three months, but will eventually convert to a meter system.

Joe Salla, general manager of the Dallas Water Company, says he is aware of the situation and that the company is working on a solution.

"This is a problem that existed even before we took over," Salla stated. "It's a small problem, but it is very difficult to track down. We have had electricians and people who specialize in pumps come in and look at the situation. But, because it is an intermittent problem it is difficult to pinpoint. The slightest fluctuation in power can cause it."

Salla believes the problem could either be the power supply coming in to operate the pump, or the wire leading down to the well located at the storage tank. But at this stage, he isn't sure exactly what it is.

**Sewer project begins**

By KATHY SUDA  
Staff Correspondent

An announcement that construction will begin June 16 on the Oak Hill Sewer project was made at Monday's meeting of the Lake-Lehman Township Board of Supervisors.

Charles Bartlet told the board that the closing of the financing package for the project was closed on June 2 and the project is in a mobilization stage. Construction is expected to span a one year period and Bartlet hopes to have 80 to 90 percent of the residents on line by January of next year. Bartlet also told the board that they are still unable to obtain liability insurance.

The board voted to give Barbara Simms, zoning officer, a salary of \$300 per month retroactive to January 1, 1986. The board also voted to

hire John B. Naylis as part-time police officer for the borough. Supervisor Doug Ide told residents that Naylis is a graduate of Michigan State and Luzerne County Community College and has been certified under Act 125. Naylis' salary will be \$5.00 per hour.

The board accepted a bid from East Side Sand and Gravel for a crusher at \$15,700 and a bid for \$600 on the borough's shovel from Modern Gas.

Board Supervisors Ide and Paul Goodwin were unsatisfied with specifications given them on the purchase of a new single axle, one-ton dump truck. The board resolved to advertise for bids on the truck with modified specifications.

Supervisors asked Solicitor Joseph Van Jura to review a request from Telemedia Cable Company to have the township enter into a franchise agreement.
