THE MOTHER-TO-BE PRO-GRAM of Nesbitt Memorial Hospital offers obstetrical care to the area's expectant mothers. It is held every Tuesday at 4 p.m. at the Wyoming Valley Family Practice Center, 540 Pierce Street, Kingston.

The program which was initiated in 1979 provides quality health care to both mother and baby regardless of one's ability to pay. A comprehensive fee, covering physician, obstetrical services and related hospital costs is available for patients without insurance.

Program participants meet with staff members to ascertain a complete medical history. They are then assigned to a physician who will care for them during all stages of pregnancy. The program is com-pleted with a check-up six weeks after discharge from the hospital.

The Mother-To-Be Program's services include regular monthly examinations, blood work and ultrasound procedures. An eight-week prenatal education program is available to parents providing information about natural childbirth and care of the newborn.

For information on the Mother-To-Be Program, contact Nesbitt Memorial Hospital's Obstetrics Department at 288-8959
