Dr. Winter gets grant

Dr. Thomas G. Winter, of Shavertown, Associate Professor of Physics at the Penn State Wilkes-Barre campus has been awarded a federal research grant of close to \$90,000 for his work in theoretical atomic physics. The grant is one of two new grants in atomic physics awarded by the Department of Energy (DOE) this year.

His project is entitled "Electron Transfer, Ionization and Excitation in Atomic Collisions", and the first step involves using a computer to calculate the probability of an electron transfer in a collision between protons and ions. The grant was approved by the Division of Chemical Science of the Office of Basic Energy Sciences, a division of the DOE that funds research related to creating more energy. He has been working on atomic collision research for the past 17 years and has had his 17th article published on the subject.

Dr. Winter is listed along with

other distinguished scientists in the second edition of Who's Who in Frontiers of Science and Technology, published by Marquis Who's Who, Inc. Chicago, Ill. This book, which is distributed worldwide, notes that Dr. Winter has not only published papers in professional journals but is Referee for The Physical Review, the U.S. Department of Energy, and the National Science Foundation.

Parents asked to cooperate

The Dallas School District is requesting the cooperation of parents with children of school age who have not registered for the 1986-87 school year.

Mr. Gerald Wycallis, Superintendent, says it is essential that the school district be informed of all new students planning to register, especially the kindergarten and first grade students.

Problems occur with class assignments and transportation when students are registered late. He said the Dallas School District encourages parents of new students or those transferring from other

schools to register their children immediately.

All kindergarten through 6th grade students are to register at the Administration Building, Church St., Dallas. Junior and Senior High students will register at their respective school offices located on Conyngham Ave., Dallas.

Parents must bring birth certificates report cards from the previous school, and immunization records. No student will be allowed to enter school without proof of the required immunizations.

If there are any questions, call the school district at 675-5201.
