

School schedule released

For Dallas kindergarten to sixth grade students who formerly attended the Dallas Township Elementary School and Dallas Intermediate School, school will begin on Wednesday, September 3.

Students in grades kindergarten to five are assigned to the former Dallas Intermediate School building while sixth grade students are assigned to the Junior High School building. The professional staff has been preparing the buildings and participating in in-service orientations prior to the opening of school to make the first day as smooth as possible.

Parents are reminded that on September 3 first to sixth grade students will be attending full-day sessions from 9:15 a.m. to 3:45 p.m. Parents should consult the bus routes published in the newspapers to determine their child's bus assignment and departure points. It is requested that students ride a bus to and from school the first day to facilitate student awareness of their bus assignment and to aid the district in maintaining accurate and comprehensive student transportation records. If it is necessary for a parent to accompany a child to school, it is suggested that the student ride the bus and the parent meet the student at the school building.

Kindergarten students will attend pre-arranged sessions on Wednesday, September 3, and Thursday, September 4. On Friday, September 5, morning students will take buses to school and be dismissed at 10:30 a.m. Afternoon students will be picked up for a 2:15 arrival at school and dismissed with other students at the end of the day. Monday, September 8, they will attend regularly scheduled kindergarten sessions.

To facilitate student room assignments the first day, the following plans have been developed. All fifth grade students will report to room 300. All fourth grade students will report to room 109. Third grade students will report to room 204. Second grade students will report to the cafeteria and first grade students to the gym. Teachers and parent volunteers will be available to aid the students.

Sixth grade students will be transported to the Junior High School where they will report to the auditorium to receive homeroom assignments.

This is a year of change in their building for all students but the fifth grade. It is a year of new beginnings and high expectations. Academically, a new reading program is being introduced. The changes will update and improve the educational programs provided to elementary students in the Dallas School District.

Physicals set

Robert Cicon, Assistant Athletic Director at the Dallas Junior High School, announces the following physicals for the junior high school:

Cross country and girls' field hockey physicals will be given on Wednesday, Aug. 13, at 8:30 a.m. in the nurse's office.

Consent and physical forms will be available on the day of the physical.

Hockey seminar held

Approximately 30 girls took part in the first ever Lake Lehman High School field hockey seminar last week at the schools athletic complex. The event, which was held from August 4-8, was sponsored with the help of the Lake Lehman Sports Club and featured two members of the 1984 United States Olympic field hockey team. Shown here, from left, are Gwyn Cheeseman, goalie for the olympic team; Gina Buggy, mid-fielder and forward for the olympic team; Maria Durando, junior student playing at Temple; Jean Lipski, Lake Lehman field hockey coach and Susan DeGennaro, senior representative of the Lake Lehman team.

Lehman sponsors hockey seminar

By JOHN HOINSKI
Staff Writer

Two members of the 1984 United States Olympic field hockey team were the featured instructors last week at the inaugural Lake-Lehman field hockey seminar held at the school's sports complex.

Gwyn Cheeseman, a goalie on the bronze medal winning team, and Gina Buggy, a mid-fielder and forward, offered instructions to approximately 30 senior high girls, most of whom were from the Back Mountain, in stick skills, inner circle quickness and other areas of the game.

The program, held from August 4-8, was sponsored mainly by the Lake Lehman sports club and was the first time a field hockey seminar was held at the school.

"The cost of sending a girl to camp last year was anywhere from \$165 to \$225 a girl," said Jean Lipski, field hockey coach at Lake-Lehman. "So we thought it would be better to bring instructors here and have the girls play at a field they were familiar with."

"This year we have conditioning programs, clinics, and scrimmages at night. But next year we hope to attract more people so we can form different teams to compete against one another and to discuss different ideas."

Lipski says interest in field hockey locally is on the rise and credits individuals like Cheeseman and Buggy for helping to promote the sport.

"This is the first time we ever had anything like this and we come up with two olympic athletes," the third-year coach stated. "It shows they are interested in developing the sport."

Says Cheeseman, 34, who was also a member of the 1980 team that boycotted the olympic games in Moscow, "I think our country winning the bronze medal also helped generate interest. People became aware that we can compete with other countries competitively and as a result people are more curious about the sport."

But, adds the 26-year old Buggy, there must also be dedication and commitment.

"It's a sport you can really excel in," she says. "Of course you have to have talent and a lot also depends on your competition. But it also takes a real commitment. Not only on the field but your diet also."

Lipski says she tries to schedule exhibition games against some of the stronger teams in the region such as those in central and southern Columbia and Delaware Valley. Last year Lake Lehman finished third in Wyoming Valley Conference competition.

Lions name officers

The Harveys Lake Lions Club installed new officers for the coming year at a dinner held at Faux's Inn, Harveys Lake. Installing officer was Angelo Costello, District 14-H Governor. Shown here are, from left, Lee Watson, secretary; Home Baker, outgoing president; Costello, Tom Casey, president; and Wilfred Ide, treasurer. Other officers are Jack Bulman, first vice-president; Robert Pilger, second vice-president; Richard Goode, third vice-president; Kenneth Olshefski, Lion Tamer; and Joseph Neilson, Tail Twister. Directors are Bill Megargel, Ron Ritts, Carl Schreiner, and Richard Williams Sr.

Trees being given away

The National Arbor Day Foundation is giving 10 free trees to people who become Foundation members during August, 1986.

The free trees are part of the Foundation's effort to promote tree planting throughout America.

A Sugar Maple, White Flowering Dogwood, Pin Oak, White Pine, Red Maple, Birch, American Redbud, Silver

Maple, Red Oak and Colorado Blue Spruce tree will be given to members joining during August. The six-to-twelve inch trees will be shipped this fall at the right time for planting between October 15 and December 10.

They will be sent postage paid with enclosed planting instructions.

These trees were selected to provide

benefits every season of the year: lovely spring flowers, cool summer shade, spectacular autumn colors, and winter berries and nesting sites for songbirds, according to the Foundation.

The National Arbor Day Foundation, a nonprofit organization, is working to improve the quality of life throughout the country by encouraging tree planting.
