

Back Mountain on the move

MRS. LISA MOLNER has returned back to her Dallas home after spending a 5-week vacation in Germany, her home land. It was the 1250th Anniversary of Bad-Hersfeld, Germany, which is located near Frankfurt. The town was built by St. Boniface and it has the oldest church bell in Germany. The bell rings only one hour each year and that is during the St. Boniface celebration that lasts one week each year.

and asked me "Where is Bertha's picture in Bertha's Bargain?" I had to tell them I don't know but I'm asking our editor, Dotty Martin, Where is Bertha? You didn't put her on the move, did you? If you did, will you please tell her faithful followers why or where she's moved? That's one I didn't get a call on. Did she move away and didn't tell me?

SPEAKING OF MOVING along, Dave and Peggy Fouchs, Back Mountain residents for many years are moving to the Downingtown Area in January. The Fouchs family has been transferred and their lovely home has been sold. We will surely miss Peggy, so will her bowling partners, Peggy is an avid and very good bowler. Good luck to you in your move.

TOM AND MARTHA REESE of Franklin Street, Dallas, have returned home after spending two weeks in Florida at Lauderdale by the Sea. Along with the relaxation they enjoyed after their hectic pre-election schedule they also, enjoyed touring and lots of sunshine.

A highlight of their trip was visiting and spending time with a good friend the former Senator and Mrs. Frank O'Connell. The O'Connells have retired and are residing in Port Lucie, Florida, where they are building a new home.

HELEN GOMMER of Pear Tree Lane, Dallas, had a very nice one day trip last week in the Reading Area. A stop at Beautiful Miniature Roadside America, visiting the Christmas light village and doing some shopping were just a few of the fun packed stops that day. The eating places are always so well picked too. A one day trip can be lots of fun.

Library news

By NANCY KOZEMCHAK
Library Correspondent

The Back Mountain Memorial Library is featuring in its special upright display case a collection of G.I. Joe figures borrowed from David and Scott Townsend of Dallas.

David is nine years old, in fourth grade and Scott is seven years old, in second grade, both at Dallas Elementary School. They have been collecting these Army men of the future for three months and have loaned us 42 from their collection.

On the top shelf is Serpentor, the Cobra emperor. The Cobras are the bad guys and the G.I. Joes are the good ones. I understand you can tell the difference by their faces and the markings. Hawk, who wears camouflage pants, is the leader of the G.I. Joe forces.

Other good guys include Bazooka, Sergeant Slaughter, Dial tone who is a radio operator; Mutt, a dog trainer with a dog named Junkyard. Some of the bad guys include Tomax and

Xamot, the twin brothers; Zandor and Zoranna, twin brother and sister who change color, and Wild-Weasel.

David and Scott continue to receive the G.I. Joe figures for birthdays and Christmas and buy some on their own. According to the November issue of "Toy & Hobby World", G.I. Joe is the best-selling toy in America. The editor of the magazine concludes, "The 1986 G.I. Joe line is as relevant to today's kids as the 1964 version was to kids back then". This display will be at the library for the next three months.

I finally got to meet "Teddy Ruxpin" last night at the bowling alley. He is just the most impressive talking bear I have seen and is another of the top selling toys in America. He sings the nicest songs and opens and closes his eyes and moves his mouth as he sings. The little boy who belongs to Teddy was happy to share him with us. He is some Teddy Bear!

A book borrowed on Interlibrary Loan was returned to the library the other day. It was

only three years overdue. The book was a paperback copy of Nevil Shute's, "On The Beach" and was part of a rotating collection called Fantastic Worlds which was originally due back on January 19, 1983. Needless to say, we did not collect the full fine.

The library is collecting Campbell labels as an on-going project which enables us to obtain certain library materials with very little cost. There is a container at the main entrance area for the dropping off of these labels.

There is a used book store in the lower level of the library where books may be purchased during the year. It is open Monday 9:30 to 12 and 6:30 to 8:30; Thursday 2 to 5 and Saturday from 9:30 to 12.

The public library is a unique institution, encompassing the whole world of knowledge. Use your library often to find the answers you need for living and growing!

Album

(Continued from page 11)

The band did three albums between 1978 and 1984 with the drummer from the nationally-known band "Chicago" acting as producer and at least one member of "Chicago" doing a musical number on each album.

The "Jerry-Kelly Band" toured Canada and all of the United States in 1980 and was the opening act for the Queen of England. They continued to tour until about 1983 when the band became known as "Dakota" and now plays locally. The group also does commercial jingles with the new Hatchey Milatchy

theme song being done by them.

The pair's Christmas album is on sale in all area major music stores and sells for \$9.00. With the exception of 51 cents tax per album or cassette, the proceeds will be donated to the soup kitchens and the Women's Resource Center.

Members of the committee who helped get the album off the ground include Rev. Donald Anderson, Elder A. Hale Jr., Barbara Hludzik, Marilyn Costa, Nancy Hale and Harry West.

Such businesses and organiza-

tions sponsoring the project include Heils Place, Costa Cards Inc., Suburban Casuals, Dr. and Mrs. David Weinberger, WNEP-TV, First Eastern Bank, Weisinger, Dave, Jane & Paul London, Rock 107 and the Hair Cellar in Hazleton. The cover design on the album was contributed by the Lavelle-Miller Group Advertising Agency.

Kelly, who claims sales of the album are going well, is a native of West Wyoming and a graduate of Wyoming Area High School and King's College. He resides with his wife.

this project after reading about Jacob Lawrence, a well-known sculpture.

Gate of Heaven news

THE STUDENTS AT GATE OF HEAVEN SCHOOL worked diligently (and had fun) preparing for the Thanksgiving holiday. Following is a list of projects the various classes undertook:

MRS. GRANNAM'S KINDERGARTEN CLASS had a Thanksgiving celebration where they made their own cornbread and dressed as Pilgrims and Indians.

MRS. GROVE'S FIRST GRADE CLASS made colorful

Indian headbands, vests and turkeys, complete with features.

MISS CASCIO'S AND MRS. RUCH'S SECOND GRADE CLASSES wrote stories about how they spent Thanksgiving Day. The second grade would also like to welcome Joy Morgan to Gate of Heaven. Let's hope Joy has a most enjoyable year at our school.

MRS. RUTKOSKI'S TWO SIXTH GRADE CLASSES have made sculpture out of soap in her reading class. They started
