Former volunteers are asked to wear their costume from their country of service and bring artifacts to share with their friends and neighbors. If you, or someone you know, has served in the Peace Corps, please plan to attend this event. For more information, contact Peace Corps Philadelphia at 1-800-462-1589.

Ordinance adopted

The Kingston Township Board of Supervisors recently adopted an ordinance requiring a permit for all driveways in the Township which are to be connected to Township roadways. The new ordinance is not retroactive and will pertain only to new driveway construction. Residents wishing to resurface an existing driveway will, however, be required to obtain a permit.

Permit fees will be \$25.00 for new driveway construction and \$10.00 for driveway resurfacing. A permit application must be completed by the property owner outlining in detail the manner in which the driveway will be connected to a Township Road. The Board of Supervisors have prescribed two methods for connecting driveways to local roads, and residents will be required to adhere to these methods without exception. Driveway permit applications may be obtained from Mr. Ralph R. Anthony, Jr., Zoning Officer, during regular business hours.

Road Superintendent Robert Chamberlain will oversee the connection of private driveways to Township roads to insure that residents comply with the new law. Under the Driveway Connection Ordinance, residents failing to comply with the permit and construction requirements may be issued a citation and penalties could range from \$25.00 to \$300.00.
