Jackson Township Authority must choose contractor by June 26

The Jackson Township General Municipal Authority held its monthly meeting Monday night, and discussed a PENNVEST loan it will receive for \$985,505. The loan will be used to help finance a \$3 million sewer project for the township. Jackson Township is one of many communities in Pennsylvania that will benefit from low interest loans approved by the Pennsylvania Infrastructure Investment Authority Board (PENNVEST).

The state ordered the authority to start the project more than five years ago but the township did not have the funds to proceed. Jackson Township also has a \$2,045,077 grant from EPA for the sewer project. It must award a contract to the lowest bidder by June 26 in order to keep the grant.

There was discussion at the meeting as to who was legally the lowest bidder. UMAX, of Ringoes, N.J., the original lowest bidder,

increased its first bid of \$2,572,586 by \$411,666 in early 1988 due to the time delay in awarding a contract. Linde Enterprise, Inc., of Honesdale, then told the township they would stand by their original bid of \$2,677,742. U-MAX later rescinded its bid increase.

The Authority agreed to contact EPA and DER to see what their legal rights are regarding awarding the sewer project to the contractor of their choice.
