## Dallas field hockey team ready for 1988 season under new coach Kim Kretchmer

BY CHARLOT M. DENMON  
Staff Writer

Dallas High School hockey field has been a busy place for the past several weeks as 28 senior high field hockey candidates have been trying for a starting position on the girls varsity field hockey team for the new season.

Varsity Coach Kim Kretchmer and her assistant Lori Guitson have been putting the girls through the paces getting them ready for the competitive schedule ahead of them. Although this is Kretchmer's first year as head coach, the girls are familiar with her and her coaching technique since Kretchmer played under former Dallas Coach Robyn Jones and also was Jones assistant before taking over as Junior High coach at Dallas.

"Most of the girls I am coaching this season played under me the

past two years on the junior high team," Kretchmer said. Kretchmer graduated from Dallas in 1981, then pursued a career in nursing.

While in high school she played on the varsity team for three years.

Kretchmer's assistant, Guitson, graduated from Pittston Area and received a degree from Bloomsburg State University where she played hockey. She has specialized skills in the goalie position and has been working with goalie Tracy Hunter and Molly Connolly.

Dallas has 14 lettermen returning from last season's District Champion team and Kretchmer believes she has a good nucleus of athletes to field a competitive team this year. Susan Wells, Renee Strauser, Tracy Hunter, Julianne Orłowski, Jennifer Moran, Courtney Butler, Lisa Hite and Wendy Hozempa will be back as this year's starters. Two freshmen, Susan Richardson and Kelly Cleary also

have great potential and will see action.

The Lady Mountaineers were scheduled to play in a tournament at Stroudsburg last weekend and one of the teams from this area they expected to meet was Wyoming Seminary. Among the girls Kretchmer planned to start last weekend were Lorraine Mitchell, Kelly Cleary and Sandy Ulitchney.

The Lady Mountaineers have a lot of depth and since the girls are used to Kretchmer's coaching methods which are similar to Jones methods, Kretchmer foresees no problems.

"Our weakest point will be getting used to playing as a single unit. This should not be difficult since most of these girls played together in junior high," Kretchmer predicted.

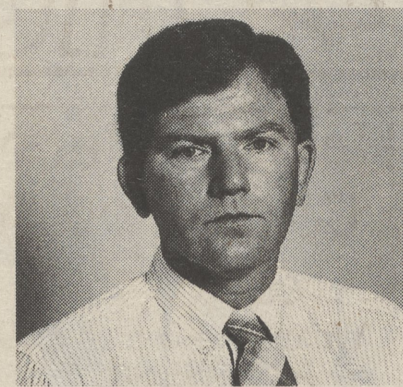

Dallas opens the league season September 9 with Coughlin away and should be competitive.
