## Unclaimed IRS refunds for Back Mountain and Greater Wilkes-Barre

Did you or someone you know expect a refund last year from the IRS that never came? If you did, perhaps your name is listed among those below.

According to Karen Sklencar, Public Affairs Specialist at the Internal Revenue Service office in Philadelphia, thousands of Pennsylvanians didn't collect their refunds last year. In most cases, she said, the refund checks were mailed and returned as undeliverable. The most common reason was that the recipient had moved and left no forwarding address.

How much money is involved? While Ms. Sklencar can't release individual amounts, she did say that the largest unclaimed return she knew of was about \$38,000, and there are many in the \$4-5,000 range.

Below we have listed the names of persons in the Back Mountain and greater Wilkes-Barre area who have refunds coming. The complete list is available for viewing in The Post's office in the 309-415 Plaza in Dallas.

If you are one of the lucky ones, you may call the Taxpayer Service at 1-800-424-1040 to claim your refund. They will send forms to verify your claim, and it will take about six weeks to complete the process.

Good luck!

## Elections

(continued from page 1)

•Harveys Lake Borough - tax collector, mayor and four seats on council.

•Jackson Township - tax collector and one supervisor's seat

•Franklin Township - tax collector and one supervisor's seat.

•Dallas School Board - five board seats, which includes the one to which John Litz was appointed following the death of Albert Pisaneschi.

•Lake-Lehman School Board - four board seats.

In addition, auditors, judges of election and inspector of election are open where necessary.

Once an individual had obtained a petition, he would have been informed that the first day to circulate and file the petition was Feb. 14, 1989, and the last day to circulate the petition is March 7. Filing hours are between 9 a.m. and 4:30 p.m.

Before circulating the petitions, persons must complete the top portion of the petition which includes the political subdivisions of the office, political party of the signers, name of the county, name of the candidate, year of primary and title of the office, profession or occupation, place of residence.

Signers must sign and insert information concerning their residence, occupation and date of signing. Residence should reflect the town in which the signer is registered to vote.

All county offices require 250 signers on the petition and a \$100 filing fee. Most local offices require 10 signatures and a \$5.00 fee with the exception of city offices which require 100 signatures and a \$100 fee.

Borough offices require 10 signatures and a \$5.00 filing fee, but second class townships require 10 signatures and no filing fee. Only first class townships require a filing fee of \$5.00. School directors in Dallas and Lake-Lehman need only 10 signatures on a petition and there is no filing fee.

School directors may cross-file if they desire, but must have petitions signed individually for each of the political parties for which they choose to run.

The Circulators affidavit must be signed and notarized after the petition has been circulated. The

candidate must sign and have notarized the "Candidates Affidavit, Loyalty Oath and Ethics Law Affidavit" portion of the petition.

Unless a candidate intends to form a campaign expense committee, it is suggested that the candidate complete and have notarized the "Waiver of Campaign Expense Reporting Affidavit" section of the petition. This exempts the candidate from filing expense reports and still allows the candidate to collect and expend up to \$250 in each of the four municipal reporting periods during the election year.

A Statement of Financial Interest form must be filed by the candidate before filing the nomination petition. The only exceptions are Judge of Election, Inspectors of Election and incumbent office holders such as judges, district justices and constables.

If a candidate decides to withdraw his or her petition, it may be withdrawn before March 22, 1989 by 4:30 p.m. No filing fees will be refunded. Withdrawal forms are available at the Election Bureau.

Positions on ballots are determined by drawing March 23, 1989, from 9 a.m. to 4 p.m. Drawing is held every 45 minutes beginning with the 1st Legislative District and running consecutively with exception of the school boards and the county candidates.

Newcomers to the Back Mountain, who are registered and have fulfilled residency requirements, and wish to vote in the May 16 primary may call their local municipal officials or the Election Bureau at the Luzerne County Court House to obtain information on where their voting polls are located.

## YOUR HOUSE MAY BE LOSING MORE ENERGY THAN HIS.

Ever wonder where your energy dollars are going? Even if your house isn't full of holes, you are probably losing energy through places you would never suspect. Like soffits or the areas behind kitchen cabinets. Any additions to the house can also be a hidden source of significant energy loss.

At EnerTek, we can help you save up to 30% on your annual energy bills. By using highly trained crews and highly sophisticated equipment, such as infrared cameras, we are able to detect areas of energy loss that go unnoticed and untreated by conventional methods.

The EnerTek investment costs between \$400 and \$800. Which is a small price to pay, considering the savings you'll realize.

For a reasonably priced solution to unreasonably high energy bills, call 1-800-2-WARMTH. But don't delay. Because wasting energy is for the birds.
