Dallas PTO focuses on environment

The Dallas Elementary PTO invited all parents, teachers and students to the Spring Membership meeting which was held on May 5 at 7:15 p.m. at the Dallas Elementary School. The agenda included the announcement of the officer of the PTO for the 1989-1990 school year and an evening of "Environmental Awareness in Your Own Backyard." Speakers included Mr. Wayne Hughes, Dallas Sr. High School Environmental Educator and Ms. Angela Wassel, Frances Slocum State Park Naturalist. Ms. Lucy Callahan, kindergarten teacher at Dallas Elementary acted

as games coordinator for the children during the presentation.

The purpose of the presentation was to make adults and children aware and understand the importance of their natural environment. Information was available on the "Hands On" programs scheduled for the summer at Frances Slocum State Park and ideas which will stimulate positive attitudes toward wildlife and the environment we share. The Back Mountain communities are the focus of increasing developmental pressures. The concern over this fact prompted the Dallas Elementary PTO to

sponsor the Awareness Program. Games were planned to encourage youngsters and their parents and teachers to become individually motivated to do their share in lessening environmental problems and improving their personal environmental backyards.

The following officers of the PTO for the 1989-1990 school year were announced: They are: President, Nancy Barnard; Vice President, Sandy Sprau; Second Vice President, Ruth Tetschner; Secretary, Lynn Fleming; Treasurer, Diane Hoover.
