(C) DSP-060 - It should be noted that DSP 060 is the only basic algebra course offered at LCCC. For those persons who need MAT 105 or any other advanced algebra and do not have an adequate algebra background or for those who have been away from school for a number of years and need to brush up on algebra, this is the recommended course. Students registering for this course should have an adequate background in basic mathematics. It should also be noted that the credits gained through completion of this course cannot be utilized for degree purposes. It is suggested that students interested in this course make an appointment to be pre-tested by calling 829-746.
