Dallas Twp. roads to be repaired

By CHARLOT M. DENMON
Staff Writer

At their August 1 meeting, the Dallas Township supervisors announced that they will schedule dates for construction work on four township roads shortly. They also stated that paving Spencer Road has been delayed one month due to weather, but the road should be partly paved before the end of the year.

The necessary repairs and resurfacing of other township roads

as well as the weather played a part in the delay, according to the supervisors.

The supervisors told residents that they have ordered street signs to replace the signs now on the roads.

There being no other business the supervisors announced the next meeting will be August 15, 7 p.m., at the township building. The zoning and planning commission members will meet following the August 15 supervisors meeting.

Corrections

There was an error in the Roll-away Skaters story that appeared in the August 2 issue of The Dallas Post. The fourth paragraph should have said that George Manzoni, son of Mr. and Mrs. John Manzoni, Lehman, won a bronze medal in the Sophomore Men's Figures. He has been taking lessons for two years from Berger. It will be his first time to compete in the U.S. Nationals.

The last paragraph should have said that Roy Holcomb, Lake Silkworth, son of Mr. and Mrs. Thomas Space, won a silver medal in Freestyle skating. It will be his first time for him to enter national competition since taking lessons for approximately one year.
