Up to \$3,000* off is a good reason to buy an '89 Saab. But not the best reason.

Best reasons:

No other car in the world gives you all a Saab does in one terrific package: 16-valve performance, the security and handling of front-wheel drive, exceptional roominess and the best safety record on wheels.**

Plus a host of standards most car companies consider extras. Standard air conditioning. Standard AM/FM stereo cassette. Standard heated front seats. Standard power door locks.

And a level of driving enjoyment that sets a new standard for all who experience it.

*On selected '89 models. From participating dealers through factory-to-dealer incentives. Dealer contribution may affect final cost. Subject to availability.

**Based on Highway Loss Data Institute reports of injury claim frequency.

Good reasons:

9000 Turbo up to \$3,000 off
9000S up to \$2,000 off
900 Turbo up to \$1,000 off

Savings only last while selected '89 models last. So, while they aren't the best reason to buy a Saab, they are the best reason to buy one now.

The most intelligent cars ever built.
